Below Savanur Divansaheb's No. 99, dated 19th Inst.

No. 456 Savanur, 20-12-12.
21 12 12

Forwarded with compliments to the Deputy Sanitary Commissioner, S.R.D., Belgaum, for perusal.

2. The undersigned entirely agrees with Mr. Rajerao, the Divan. The Vaccinator's services are dispensed with from today.

3. In the execution of official duties, Mr. Abdul Khudduskhan's conduct (from the commencement of his service as long ago as 1889-1890) is anything but creditable. In spite of repeated warnings he has failed to show good results in his work.

4. Had it not been for the inquiries made at the villages and information obtained from Village Officers at village inspection, the Vaccinator would never have brought the matter to light.

5. The villagers were loud in complaint against the vaccination of Habibulla, the Vaccinator's nephew. The undersigned would have taken a stronger measure than departmentally dismissing the Vaccinator if any actual injury or danger had been the result.

6. The boy Habibulla may not have known that he was doing a thing that he ought not to have done but as he is a Thanjada and still a student in the State English school, the undersigned desires that the Head Master should warn the boy.

7. The Vaccinator's peon is sufficiently intelligent and has been quite long enough in the Department to know that he ought not to have accompanied the boy and report the matter to proper authorities. He was undoubtedly in league with the Vaccinator, and should be dismissed.

Bombay, the 7th February 1912.

From,

The Accountant General,

Bombay.

To,

Mr. Sheshagir Udpirao

Sub-Assistant Surgeon, Savanur State

Through,

The Political Agent, Savanur State.

Sir,

I have the honour to state that as your pay as Sub-Assistant Surgeon 1st Grade was raised to Rs 65/- in British service, with effect from the 29th of -- Agust 1911, on account of the rivision of the scale of pay of Sub-Assistant Surgeons, your assumed pay - under Article 754 (b) (1), of the Civil Service Regulations, has been increased to Rs 65/-, with effect from that date. You should therefore pay your pension - contribution at Rs 8-2-0. per mensem in future together with the difference of pension contribution at Re. 1-4-0. p.m. from the 29th August 1911 upto the date of last payment.

2. I further request that you will send your service book for a note in it of your promotion as required by Article 822(a)of the Civil Service Regulations.

I have the honour to be,

Sir,

Your most obedient servant,

Urgent

No 437
Dated 11th December 1912.

Memo.

The undersigned has received information to the effect that plague is spreading in Dublin and he thinks that it is time now to start inoculation at Savanur. The Sub Assistant Surgeon Savanur should begin this work at once by persuading & explaining the advantages of inoculation to the people and should report the number of persons inoculated by him daily. All State officials should get themselves & their staff inoculated as early as possible and if any of these refuse to do it, their names should be reported at once. All State officials should endeavour to help the Sub Asst Surgeon in inducing the people for being inoculated before there is even chance of the cruel epidemic making its appearance in Savanur. The Sub Assistant Surgeon should hold a meeting of the leading public & explain to them the advantages of inoculation. It is hoped that much better

results than the last year will be shewn.

Abdul Majid Khan
Dy. Collr
Navsari.

(1) The Sub Asst Surgeon.
(2) The Overseer Sarvaiya
(3) The Dy. Edl Inspector & Headmaster A.C. Schl
(4) The Sub-Inspector of Police.
(5) The Headmaster Ranavat School.
(6) The vaccinator Sarvaiya.

Sarvaiya 19-12-12

18/12/12

Sir,
This is kept on the O/C
do kindly send copies
as accompanied despatch
may kindly be forwarded
as it is to be forwarded
to the vaccinator.

19-12-12

The quarterly meeting of the Dispensary was held on 8th December 1912.

The following were present.

(1) The Nawab of Savanurt
(2) Sardar Mahabub Allikhan.
(3) Mr. R.N.Marulkar.
(4) Mr. L.B.Ghatikar. Members of the Committee.
(5) Mr. L.T.Oake.
(6) Mr. B.R.Jagadale- Sub Inspector of Police Savanur. who is not a Member.

The u/s thinks that of all men the Sub Inspector should be the 1st. to be on the Committee as he has to deal with the Dispen--sary in several ways.

The Members have been on the Committee from time immemo--rial. There is no record of this, be it this what the Members say and I believe that this is the case. It is time some alterations were made.

The following are appointed Members.

(1) Sardar Abdul Hayatkhan.
(2) Mr. R.N.Marulkar.
(3) Mr. B.R.Jagadale.
(4) Mr. R.V.Mangalwedhekar- Chairman.
(5) Sardar Mahabub Allikhan.
(6) Mr. Bhimacharya- Public Prosecutor.

The Nawab being the President & the Sub Assistant Surgeon the Hony. Secretary.

The u/s sees no reason whatever for not following Para 34 of G.R. No. 5006 considering that the State is doing all it can to follow the instructions of the Civil Surgeon.

If the Composition fees are raised from one rupee to Rs3 is the case in British Dispensaries it will help to pay for the alterations suggested by the Civil Surgeon.

The u/s does not know why the Divan in his report No. 830 of 1910 thinks that Native States should not follow the rules of British Government as far as possible.

The fees ought to be raised from the next financial year.

The following are the defects pointed by the Civil Surgeon

1. Books on Midwifery required. The Sub Asst. Surgeon is asked to order these. The approximate cost of these books,-the Sub Asst.

Accompaniment to Government Resolution, General Department, No. 2559, dated the 1st April 1913.

## MEMORANDUM OF INFORMATION FOR THE GUIDANCE OF PATIENTS PROCEEDING TO COONOOR FOR ANTI-RABIC TREATMENT AT THE PASTEUR INSTITUTE.

Coonoor is situated on the Nilgiri Hills about 6,000 feet above sea-level and can be reached by the Nilgiri Railway from Mettupalaiyam in about three hours.

2. Mettupalaiyam is on the south-west branch of the South Indian Railway and is easily accessible from all parts of Southern India. The institute is about a mile from the Coonoor railway station.

3. *Climate.*—The temperature of Coonoor ranges between 60° F. and 75° F. from March to September and between 40° and 60° F. from October to February.

4. The rainfall is about 70 inches, the greater part being received during the north-east monsoon in October, November and December.

5. Persons coming from the plains require fairly warm but not heavy clothing and bedding. Indigent Indian patients will be supplied with blankets.

6. *Accommodation.*—There are several hotels and boarding-houses which are open all the year round and also a residential club.

(*a*) Europeans and Eurasians are not accommodated at the institute but must make their own arrangements for board and lodging about which there is no difficulty. Persons who cannot afford hotel rates can find inexpensive lodgings in the town within three-quarters of a mile of the institute.

(*b*) Well-to-do Indians can find houses in convenient situations and others can arrange for lodging and meals in the town. Indigent patients are accommodated in the free quarters in the institute compound and will be provided with blankets and cooking pots.

(*c*) British soldiers and their families stay in the sanitarium at Wellington and are sent daily to the institute in a tonga.

(*d*) Soldiers of Indian regiments will be accommodated in tents in the institute compound.

7. Patients who are sent by or at the expense of private employers, friends or other private persons or associations should be provided by them with the cost of their return journey and also with sufficient money to pay for their food during the course of treatment, which lasts 14 days. If desired, money for these purposes may be sent to the Director of the institute, and this course is strongly recommended in the case of menial servants and illiterate or other irresponsible people.

8. *Treatment.*—Patients should proceed to Coonoor as soon as possible after being bitten. All treatment at the institute is free but patients in a position to do so are expected to contribute something towards its upkeep. The course of treatment lasts 14 days and patients are not laid up but can go about as usual having regard to the rules of life recommended. Patients should always endeavour to bring with them the brain of the animal that bit them, one-half in pure glycerine and the other half in a mixture containing 3 per cent. of bichromate of potash and 5 per cent. glacial acetic acid in distilled water.

*Rules for the grant of concessions to Government servants and to indigent persons not employed in the public service to enable them, when bitten by rabid animals, to proceed to the Pasteur Institute at Coonoor for treatment.*

### I.—CONCESSIONS TO GOVERNMENT SERVANTS.

1. "Government servant" in these rules means a Government servant paid from Imperial or Provincial funds or from Port and Marine funds administered by Government, but does not include a Government servant on foreign service or in Municipal or Local Fund service.

2. Any Government servant who has been bitten by a rabid animal and who is too poor to proceed to Coonoor at his own expense may, provided that he is drawing not more than Rs. 100 a month, be granted—

(i) His actual travelling expenses to Coonoor and back, *viz.*, (*a*) a single fare each way by railway of the class by which he is entitled to travel on duty, (*b*) for journeys by road or river the actual cost of transit not exceeding the amount admissible

under rule. The expenses for the return journey should be paid to the patient at Coonoor after the treatment is finished, by the treasury officer at that station, on production of a discharge certificate from the Director of the institute.

(ii) An advance of one month's pay.

(iii) One month's casual leave, any leave required in excess being treated as privilege or sick leave. Provided that if the absence of such Government servant makes it necessary for a substitute to be appointed the period of absence up to one month may, under orders of Government, be treated as extra privilege leave instead of casual leave.

NOTE.—The words "not more than Rs. 100 a month" occurring in this rule and the word "pay" occurring in this and subsequent rules should be interpreted as referring to "monthly substantive pay" as defined in article 38, Civil Service Regulations.

3. Any Government servant who has difficulty in finding at once the means to enable him to proceed to the Coonoor Institute, and whose pay exceeds Rs. 100 but does not exceed Rs. 500 a month, may be granted an advance not exceeding the amount admissible under rule 2 (i), and may also be granted an advance of one month's pay and one month's casual leave, provided that if the absence of such Government servant makes it necessary for a substitute to be appointed, the period of absence up to one month may, under orders of Government, be treated as extra privilege leave and not as casual leave. Any further leave required should be sick leave.

4. Any Government servant drawing not more than Rs. 500 a month may, if a member of his family is bitten by a rabid animal and he has difficulty in finding at once the means of sending him or her to the Pasteur Institute, Coonoor, be granted an advance not exceeding the actual travelling expenses admissible under rule 2 (i) *plus* one month's pay.

5. Government servants drawing more than Rs. 25 per mensem proceeding to the Pasteur Institute for treatment should bear the cost of their maintenance both during the journey and while under treatment at the institute. Those drawing not more than Rs. 25 per mensem are entitled to maintenance allowance during treatment as well as during the journey to and from the Pasteur Institute at the rates of daily allowance admissible to officers of the third and fourth classes as the case may be under article 1063 of Civil Service Regulations.

6. The officers of the Madras Presidency mentioned in appendix A are authorized to grant the above-mentioned concessions to Government servants employed under them or subject to their authority.

7. The despatch of every Government servant to the Coonoor Institute for treatment should at once be reported to the officer immediately superior to the officer by whom the patient is sent, and by that officer, if he is not the head of the department, to the head of the department. Where the head of the department himself sends the person, no further report will be required. A report should also at once be made direct to the Director of the Pasteur Institute, Coonoor, stating—

(*a*) the class to which the patient has been treated as belonging for the purpose of travelling allowance;

(*b*) the amount of travelling allowance (by rail, road or river) advanced; and

(*c*) the number of days for which and the rate at which maintenance allowance has been advanced.

NOTE.—No amount can be drawn from the Coonoor sub-treasury until this information is received at the Pasteur Institute.

8. The Director's discharge certificate should be prepared in duplicate: one copy of it should be despatched by him to the Government servant responsible for the original advance, and the other copy should be attached to the bill for the travelling allowance for the return journey which will be presented for payment at the Coonoor treasury.

9. The bill for travelling allowance for the return journey should be at the same rates as were allowed for the journey to the institute and should also be supported by the original intimation received from the officer who is responsible for the original advance. Maintenance charges for days spent at Coonoor and for the days of the return journey may be advanced on separate bills drawn by the Director, who will certify thereon the class to which the patient belongs and the number of days that he was under treatment or that will be occupied in the journey.

10. The travelling and maintenance allowances of Government servants who are paid from Imperial and Provincial funds should be debited to a special detailed head, *viz.*, 32, Miscellaneous—*Miscellaneous and unforeseen charges*—Charges for the treatment of patients at the Pasteur Institute. The travelling and maintenance allowances of servants of Port and Marine funds administered by Government should be debited to the funds from which their salaries are met. Any recoveries of overdrawals to be effected in consequence of a Government servant having been allowed travelling allowance in excess of that to which he was entitled will be made by the Accountant General.

11. All advances made to Government servants under rules 2, 3 and 4 should ordinarily be recovered in three equal monthly instalments as provided in article 137 (*b*) of the Civil Account Code. But in special cases where it is considered that the enforcement of the rule would cause hardship, the Local Government or the Honourable the Judges of the High Court, the Board of Revenue and the officers named in the margin, who have been specially empowered in that behalf, may sanction the repayment of an advance in more than three, but not more than twelve, instalments.

Surgeon General.
Inspector General of Prisons.
Do. of Police.
Do. of Registration.
Right Reverend the Bishop of Madras.
Presidency Port Officer.
Director of Public Instruction.
Chief Engineer, Public Works Department.
Sanitary Commissioner.

## II.—Concessions to Indigent Persons not employed in the Public Service.

12. Any indigent person domiciled in British India not employed in the public service who has been bitten by a rabid animal, and who, in the opinion of any officer authorized to grant the concession, is unable to proceed to the Pasteur Institute, Coonoor, for treatment at his own expense, may be granted his actual travelling expenses to Coonoor and back, *viz.*, (*a*) a single third class fare each way by railway, (*b*) for journeys by road or river the actual cost of transit, (*c*) maintenance allowance at the following daily rates:—

Europeans and Eurasians, one rupee during the journey and Rs. 2-8-0 during treatment; Indians, four annas during the journey and six annas during treatment.

Provided that for the purpose of this rule no person or member of the family of a person who pays more than Rs. 50 as *kist* per annum or whose income from any other source than land exceeds Rs. 15 *per mensem* shall ordinarily be classed as indigent; nor shall any person be classed as indigent who has at the time or can obtain from relatives the means of paying his expenses.

A list of the officers in the Madras Presidency authorized to grant this concession is given in appendix B.

13. A third class pass or ticket from the patient's station to Coonoor by the shortest and cheapest route on the terms allowed by the Railway Companies will be procured for the patient by the officer who despatches him to Coonoor. The Director, Pasteur Institute, Coonoor, will make similar arrangements for the patient's return journey after treatment.

14. The railways, parties to the Indian Railway Conference Association which are noted on the margin, allow concessions to indigent patients and their attendants proceeding to the Pasteur Institute at Coonoor for anti-rabic treatment under the conditions noted below:—

(*a*) an indigent person not in the public service (together with one attendant, when such indigent person is a woman or is a child under 16 years of age, or is a man who, by reason of age or other sufficient cause, is incapable of travelling alone), will be granted third class tickets free of charge;

(*b*) tickets for the return journey will be issued on production of a certificate signed by the authorities of the Pasteur Institute;

(*c*) only one attendant as above will be allowed with each patient or each party of patients of the same family;

(*d*) the requisition for tickets must have the impression of the official seal of the office from which issued; it must be signed by one of the authorities mentioned in appendix B.

Erasures and alterations in a requisition must be initialled by the issuing officer.

(*e*) A certificate in the form printed as appendix C should be filled in by the despatching officer and presented to the Station Master when application is made for the grant of free third class tickets or passes to Coonoor.

15. The patient may be paid in advance the actual cost of transit for journeys by road or by river, when necessary, and maintenance allowance for the period of his journey to Coonoor. He should take with him to Coonoor and produce before the Director of the institute a certificate signed by the officer despatching him that he has been sent to the institute for treatment at the expense of Provincial revenues or by local or municipal funds.

16. The maintenance allowance of the patient while under treatment at Coonoor and for the period of the return journey, and also, if necessary, the cost of transit for journeys by road or by river on the return journey, will be disbursed by the Director, Pasteur Institute, Coonoor, in the first instance and subsequently recovered from the sub-treasury, Coonoor, on production of a discharge certificate.

17. The Director's discharge certificate should be prepared in duplicate. One copy should be despatched by him to the Government servant responsible for the original advance, and the other should be attached to the bill for travelling allowance for the return journey when presented for payment at the Coonoor treasury.

18. The bill for travelling allowance for the return journey should be at the same rates as were allowed for the journey to the institute and should be supported by the intimation received from the officer responsible for the original advance.

19. Maintenance charges for days spent at Coonoor and for the days of the return journey may be advanced on separate bills drawn by the Director who will certify thereon the days that the patient was under treatment or that will be occupied in the journey.

20. Women, children under sixteen years of age, and men who are, by reason of age or other sufficient cause, incapable of travelling alone, may be allowed an attendant to accompany them to the institute at Coonoor. Any such attendant shall be granted—

(i) travelling expenses and maintenance allowance at the rate sanctioned for patients; and

(ii) wages, not exceeding four annas a day, in cases where the despatching officer is satisfied that the patient is unable to pay the daily expenses of the attendant.

[This concession is also admissible to Government servants (but not their families) drawing not more than Rs. 100 a month.]

The charges of the attendant will be borne by the fund to which the charges on account of the patient are debited. Only one attendant may be sent at the public expense with each patient or patients of the same family.

21. The despatch of each indigent person to Coonoor for treatment at the public expense should at once be reported to the Director of the institute; to the Chairman of the Municipal Council or the President of the Local Board concerned, if the area from which the patient is despatched is within the limits of a municipal town or of a Local Board; and in every case a report should also at once be sent to the Accountant General.

The report should state—

(*a*) the amount of travelling allowance (by rail, road or river) advanced;

(*b*) the number of days for which and the rate at which maintenance allowance has been advanced;

(*c*) whether it is proposed that the cost should be borne by Provincial revenues or by municipal or local funds.

22. The expenses incurred in the treatment of indigent persons should be debited to—

(*a*) *Municipal funds*, where the person sent resides within the limits of a municipality,

(*b*) *Local funds*, where the residence is outside a municipality, but in a tract where the Madras Local Boards Act, 1886, is in force,

(*c*) *Provincial revenues*, in all other cases.

The expenditure under Provincial revenues should be debited to a special detailed head, *viz.*, " 32, Miscellaneous—*Miscellaneous and unforeseen charges*—Charges for the treatment of patients at the Pasteur Institute".

23. The Director may make advances to indigent persons who come to Coonoor at their own expense, but are unable to maintain themselves there or to pay for their return journey. The possibility of recovering these advances should then be investigated in the following manner. The Director should correspond direct with the officers in charge of the districts to which the patients, to whom advances have been made, say they belong, and should ask them to take over for investigation claims in respect of the advances made. District officers should take over these claims as soon as they are satisfied that the persons who received the advances actually belong to their districts, and should inform the Director that they have done so. The Director should then recover the amounts advanced, from the treasury, producing the district officers' "acceptance" as vouchers, and the claims should then be passed on to the provinces concerned—to be adjusted as the amounts advanced are recovered or written off under the local rules. Any sum which is found to be irrecoverable after being passed on to a district officer will be debited to the province concerned as a provincial charge under the

head " 32, Miscellaneous—*Miscellaneous and unforeseen charges*—Charges for the treatment of patients at the Pasteur Institute, Coonoor ". Otherwise, *i.e.*, if no district officer takes over the claim, it will be adjusted finally under the same head in the books of the Accountant General, Madras.

24. With regard to indigent patients who are sent for treatment from the Pasteur Institute to the Municipal Hospital, Coonoor, the Director may, in the first instance, defray the expenses connected with their diet and in case of death, of their burial or cremation, as the case may be, and recover the cost in accordance with the procedure laid down in rules 19 and 23.

---

## APPENDIX A

*List of officers empowered to grant concessions to Government servants employed under them or subject to their authority to proceed to the Pasteur Institute, Coonoor, for treatment.*

To,

The Diwan & Chairman
Dispensary Committee Savanur
Dispensary

Savanur 27th September 1912

Sir,

With reference to your No 479 dated 13th July 1912 I most respectfully have the honor to state that I have already reported in this office No 168 dated 10th July 1912 that the Dispensary Sweeper Hoosain Kha Wd Khaimullakha owing to General debility and old age is quite unfit for duty of the Sweeper and he is unable to perform his duties of the dispensary satisfactorily So I have made a request in my letter No quoted above to arrange for a new man in his place but I am sorry to say that no arrangement for appointing a new man has yet been made So much inconvenience is caused for keeping the dispensary garden in a tidy condition and the dispensary Compound in a sufficiently clean condition as the present Sweeper is an invalid and useless but his services may be dispensed off if another man is available.

With reference para II of your No quoted above I respectfully have the honor to state that I tried my utmost and asked several persons to accept the post but I am sorry to inform you that I am unable to procure the services of a new Strong man & therefore I

respectfully

respectfully request that you will kindly arrange to appoint a young and strong man for the Upper sweeper's post at your earliest convenience in order to enable me to put the garden of the Dispensary in a tidy condition according your verbal Suggestions regarding the improvements in the garden.

I have the honour to be
Sir
your most obedient servt.

In. No. 948

No 664 of 1912

Reply.

The Dispensary Committee in their proceedings dated 20th inst have remarked that the Road way & the Petty garden in front of the Dispensary are overgrown with weeds & look untidy & have directed the attention of the Medical Officer to the necessity of putting them in proper order. The medical officer has kept this office no 479 of 13-7-12 for more than two months & has now replied to it. If he were unable to get another Sweeper he should have reported his inability before. Until another man is available for the two

please
S.D. try & get in with the present
man.

2) There is a Bhisti & a Sweeper
attached to the Dispensary in addition to
a Bhangi, the latter having taken
way in front & rear of the Dispensary,
& the compound generally should have
been kept clean & tidy by the Bhisti
& Sweeper under the supervision of the
H. O. The rows of flower & other trees along
the road way in the rear of the Dispensary have all
disappeared. This is to be reported
3) The Dispensary Committee do not
grudge the H. O the use flower &
vegetable gardens near his quarters
but the garden attached to the Dispensary
& the compound should not
have been kept clean & tidy neglected

4) ~~The~~ To the verbal suggestions made
by them on the day of the Dispensary
Committee, the H. O replied that
the garden & the Dispensary premises
are to be worked after 8 a.m. by him
at his leisure. Thereby there an unpleasant
surprise to them & the Dispensary

Committee I was anything but
cautious. The premises of an
institution like the Dispensary should be
a model Sanitary clean & tidy & there is
hopes that the M. O will do his best
to have this done

28/9/12

The ~~Sanitary Inspector of Police~~ Sanitary Inspector
is asked in writing to secure a sweeper at once
& report to this office

Savanur 13th February 1913

Sir,

File

I have the honor to submit the accompanying Estimate for favour of your sanction at an early date as the books are to be purchased before the close of the current Financial year.

I further respectfully have the honor to state that a sum of Rs 30-0-0 for purchasing these books has been sanctioned in the dispensary Committee held on the 8th December 1912 from the heading of unforeseen charges but the amount for purchasing the medical books recommended by the Civil-Surgeon Dharwar in his No. 217 dated 30 January 1913 will be Rs 41/4/- including Postal and other packing charges. I therefore request that you will be good enough to sanction the accompanying Estimate as early as possible.

There is a provision of Rs 50/- in the heading

heading of unforeseen charges. A true copy of the letter No. 217 dated 30th January 1913 is herewith attached for your information

2- The composition fees received during the last 3 years are Rs 51-46-X33. They show a tendency to decrease. The patients have the option of either paying Hospital fees on each occasion or of getting the matter settled by way of Composition. Each paying patient will adopt a course most advantageous to himself. Apparently a patient will find it unduly hard to pay for all the members of a family though they do not get the benefit of the Dispensary. But the Surgeon-Generals' circular No B/13938 of 21st October 1913. should be given effect to. To make both the ends meet I respectfully beg to suggest that a composition fee of Re one may be levied from each member of a family instead of Rs(3) from the head as an

an experimental measure.

I beg to remain

to himself. Apparently a patient will find it unduly hard to pay for all the members of a family though they do not get the benefit of the dispensary But the Surgeon Gl's Co L. should be given effect to. To make both the ends meet

I respectfully beg to suggest that a composition fee of Re one may be levied from each member of a family instead of rupees (3) from its head as an experimental measure.

Yours

No. 146 of 1914
Dated 7-5-14
DISPENSARY

From,

The Sub-Assistant Surgeon
In Savanur State Dispensary;

To,

The Diwan of Savanur State,
Savanur:

Sir,

With reference to your Verm: Yadi No. 256 dated the 25th ultimo, I have the honour to state for your information that on the 1st instant I visited the village of Doumbra - Matlur & found that Malarial fever was prevalent there to a considerable extent. The stagnant water of the Warda river affords a breeding place to the mosquitoes which appears to be cause of the disease. The water-supply of the river appears to be contaminated for which reason the people have dug up some small pits in the river-bed which affords them good drinking-water. I have asked them to dig many more so that there may not be any

No. 406

shortage for it.

2. As regards the prophylactic measures I have advised the villagers to burn cow-dung-cakes & smoke their dwellings every evening so that the mosquitoes should find no shelter there. I have asked the village officers to get a stock of quinine from you & distribute it among the villagers as is done in the British territories. Personally I treated about 25 persons & have asked to send for medicines from the State Dispensary, Savanur, should they require any more. In fact I have encouraged the villagers in all possible ways to take to the treatment.

3. I would also request you to kindly impress upon the village officers the following points for adoption in the village:-

(1). Advising people to daily fumigate the dwellings by means of cow-dung-cakes which is the most handy & cheapest method to drive out mosquitoes.

(2) To get the drinking water from pits dug in the river-bed.

(3) To encourage the people to get medicines

from the Dispensary.

(4) If no (3) is not possible to distribute Quinine free from supply obtained from you.

4. I would request you to kindly supply the village officers with 1 tin of Quinine at the cost of the State. At present I would myself have supplied the want but my stock is limited.

I have the honour to be,

Sir,

Your most obedient servant

Medical officer

Savanur State Dispensary

8/5/14

Received a letter of Savanur State Dispensary
is there a clock of quinine in the dispensary
if not, whence is it to be got? No sir,
The sub Asst. surgeon may be requested to direct an indent on the Vaccination Inspector or somewhere -

No 324 of 1914.

Savanur, 9th May 1914.

Respectfully submitted to Meherban Nabobsaheb Dilawar Jung Bahadur

for favour of perusal & return.

2. The Sub-Asst Surgeon will be requested to procure & keep in stock, sufficient quantity of quinine for free distribution among the villagers in need of it.

Kudlaiah
Diwan

2 The Joint Secretary Dist. S. Association Dharwar will be requested to send (100) trials of quinine & to submit a bill of cost. The drug will be distributed free of charges among the villagers in need of it.

## RAIN GAUGE

QUESTIONS.

1. Name of Station—

2. Officer in charge rain gauge—

3. Whether the instrument is suitably placed and is in good order?

4. Whether there are any trees growing up or houses being built within 30 yards which are likely to affect the exposure?

5. Whether the gauge is firmly fixed, so that it is not likely to be blown over?

6. Whether the rim, when pressed home, is accurately level? This should be tested by means of a spirit level.

7. Whether the rim, or mouth of the funnel is truly circular, and is of the proper diameter, 5″? This should be tested by means of a suitable 5″ gauge.

8. Whether the observer can make the rainfall measurements correctly, and, if possible, to ascertain whether they are made at 8 A.M.?

9. Whether the rainfall records are properly and neatly kept up, and are in good order?

10. Date of inspection—

Diler jung Bahadur Sawai
State—

Sir,

Sawantvir 3rd August 1914.

I beg to submit herewith the Supplementary pay bill amounting to Rs (155-6-6), of Mr. Sheolgir Waghire Sub-assistant Surgeon Senior Grade 2nd Class, the late medical officer of the State Dispensary, for favour of sanction.

2. From the accompanying copy of the Salary Slip, No. SP/688, it will be seen that he has been promoted to Rs 80/- Grade ~~& that he is entitled to the increment~~ from 13th November 1912.

3. He reverted to the British Service on the 17th afternoon of August 1913. He is entitled to the difference of Rs (80-65) i.e. 15 per month, from the State from 13th November 1912 to 17th August 1913, the period during which he was in the State Service. The

expenditure was not forethought & so no provision has been made in the current year's Budget.

4. The bill also includes Pension Contribution for that period. It may be noted here that the rate of Pension Contribution is raised to 1/4 of the pay from 1st August, 1913, under Govt orders.

5. The amount of the bill can be paid from the Sub-Head "Cost of medicine", of the Dispensary Establishment.

The Diwan of Savanur State;

Sir.

I have the honour to state for your information that a large number of the medicines in daily use have run short owing to a very large attendance of patients in the current official year. Even Sulphate of Quinine & Purgative powders &c have run short & unless these are replenished soon the public will suffer.

I would therefore request you kindly to obtain the sanction for an amount of Rs 200/- so that I might

order them from Bombay as early as possible. The increased expenditure would of course be charged to the next year.

In the event this letter is to be forwarded on for sanction I would request to be kindly informed whether I can order the drugs, in anticipation of sanction, to avoid delay.

Sir,

I respectfully beg to bring to your kind notice the fact that I have been serving in this Dispensary for the last 21/2 years during which time, I beg leave to say that I was regular in my attendance and that I faithfully discharged the duties entrusted to me. I am sorry, however, to add that I have not been fortunate enough to secure an increase to my salary even once during that Period. I request therefore, and earnestly hope that you will be pleased to grant me some promotion.

I beg to remain,

Dewan

No 30 of 1915-16 Inward

Dharwar 19th April 1915

From

Mr. V. N. Kulkarni

Veterinary Assistant Dharwar

To

The Superintendent C. V. D.

Bombay Presidency.

Poona.

Sir,

With reference to your endorsement no 1837 dated 13th. March 1915, I have the honour to State that I reported myself for duty to the Diwan of Gavanur, on the 24th March 1915, and was relieved on the 15th instant after office hours.

Rinderpest.

Rinderpest was prevalent in the town of Gavanur for 2 or 3 months and carried away about 200 heads of cattle. The Veterinary help was received at the 11th hour when the disease was quite in its decline.

I could inoculate only 342 cattle against the disease, the work being handicapped for want of Serum from 28th March to 8th April 1915 during which period I advised treatment to all kinds of Sick animals and many cattle and horse owners took advantage of the opportunity. The number of cattle in the town is 2880, and no account of animals affected by and

and died of rinderpest was kept.

The cattle are generally kept in very good condition and are of deshi breed of average type and cross breed between deshi and Amrit Mahal (Mysore) known as Mudla which is the best type of cattle to be found here.

Breeding of cattle is carried on, on small scale by some cultivators and I think there is much scope for this branch of work here. There is one Chenabasappa Hanveri who told me that he had kept 30 cows in Alliporce Kavala, which is a grazing land in British dominions for breeding purpose. The grazing, green and dry Suffices.

Suffices for 10 months and the cows are fed on Kadabi ele for 2 months. I was also told by the Diwan of that the Nabab of Savanur wishes to open a Small cattle breeding farm in his State.

The Diwan has expressed his willingness to propose an annual contribution of Rs 100/- from the State treasury towards Veterinary Dispensary fund Dharwar, if immediate Veterinary aid is made available to the State Villagers when called for.

I have the honour to be,

Sir

Your most obedient Servant

Dy Asst Surgeon Savanur

17-12-14

(Ward)

Lansdowne Dispensary

The requirements that strike my attention are as follows:—

Beds in the wards are not suitable, the height from the ground of some of the cots is a source of danger to patients who are at all seriously ill.

In my inspection report for 1911 I referred to tubular pattern iron bed-steads made by Messrs White away & Laid-law especially to take up lake. These if still obtainable would, I think, be suitable but might report as an experiment.

The roof the Dispensary & medical ~~hall~~ officer's office consists of Mangalore tiles without any sheeting beneath them Consequently the tiles are easily disturbed by a high wind. Teakwood panelling ~~sheet~~ such as has been provided in the operation room, is required here.

The floor of the Store Room

of mud. It should be paved.

The mortuary roof wants planking with teak wood in same way & the walls require attention.

The bedside tables are quite unsuitable pattern.

The medical officer's quarters are not very comfortable. They are dark & badly ventilated only one room has a pucca floor.

The Dispensary was in good order & evidently well attended.

Sd/ C. Tolson Hudson
Lt Col. I.M.S.
Civil Surgeon, Dharwar.

Rule 3A. Police Manual part I.

Rules for regulating the grant to Government servants of medical aid when bitten by a rabid animal.

Any Government servant who has been bitten by a rabid animal, and who is too poor to proceed to Kasauli or Coonoor at his own expense may, provided that he is drawing not more than Rs 100 a month be granted.

1. His actual travelling expenses to Kasauli or Coonoor and back, namely (a) a single fare each way by railway of the class by which he is entitled to travel on duty, in the case of necessity intermediate fare to Kalka or Coonoor being allowed to those who are entitled to third class fare only; (b) for journeys by road the actual cost of transit not exceeding the amount admissible under rule (c); (c) for journeys by river or ocean steamers, the actual cost of the journey not exceeding the amount admissible under Rule

The expenses for the return journey should be paid by the Treasury Officer at the station to the patient at Kasauli or Coonoor after the treatment has been undergone on production of a discharge certificate from the Director of the Institute.

(ii) an advance of one month's pay.

(iii) One month's casual leave any leave required in excess being treated as privilege or sick leave. In the case of Officers in receipt of not more than ~~Rs. 500 a month~~ who proceed to a Pasteur Institute for treatment, and whose absence gives rise to the necessity for appointment of a substitute, the period of absence up to one month should be treated as extra privilege leave and not as casual leave.

2. Any Government servant who has a difficulty in finding at once the means to enable him to proceed to an institute and whose pay exceeds Rs. 100 but does not exceed Rs. 500 a month, may be granted

an advance not exceeding the amount admissible under Rule I (i) and may also be given the concessions specified in (i), (ii) and (iii) above. The sums thus advanced will be recovered by three equal monthly instalments.

3 Any revenue Officer not below the rank of Mahalkari is authorized to grant the concession on his being satisfied as in Rules 5 below. He will act in accordance with Rule 6 where possible and inform the Collector and the head of the patient's Office. xxx xxxx xx xxxx xx xxxxxx

No. 704 of 1916.

From,

The Deputy Sanitary Commissioner,

Southern Registration District ;

To

The Divan of

S A V A N U R.

Deputy Sanitary Commissioner's Office :

B e l g a u m, 8th March 1916.

S i r,

With reference to the fair to be held at Savanur on the 20th instant, I have the honour to enquire what sanitary precautions are proposed to be taken to prevent the spread of infectious diseases at the fair and to request that you will kindly furnish the correct date if the one mentioned above be incorrect. -

I have the honour to be,

S i r,

Your most obedient servant,

for Ag. Deputy Sanitary Commissioner,

S. R. D.

Reply

No:130 of 1916.

Savanur 10/3/1916.

Sir,

The fair is to be held this year on the 19th 20th & 21st of march/1916. But plague having been prevalent at Savanur at present, a notice is being publishe

Surv:134

in a largely circulated newspaper
shown to the effect that the intending
visitors should not attend the fair
this year. So it is not likely that
a large no: of people will gather here
this year. There is a scarcity here.
The municipal staff will see that
the locality around the math where
pilgrims gather for worship and
meals is kept clean & free of rubbish &
~~arrangements will also be made by the supply of good drinking~~
~~water to the few that attend the gathering.~~

There are good many
wells containing
good drinking water
which will be made
available for the ~~public~~
pilgrims.

Yours

*Plague.*

Modification of rules 5 and 10 of the rules for the issue of the plague prophylactic from the Bombay Bacteriological Laboratory.

# GOVERNMENT OF BOMBAY.

## GENERAL DEPARTMENT.

Order no. 7380.

Bombay Castle, 6th November 1916.

Letter from the Director, Bombay Bacteriological Laboratory, no. 3732, dated the 26th August 1916 :—

" I have the honour to invite your attention to the following :—

" 2. Hitherto a charge of 1 anna and 3 pies has been made for each Maynard's bottle in which anti-plague vaccine has been supplied from this Laboratory, in accordance with the accompaniment to the Government Resolution, General Department (Plague), no. 1567-P., dated the 16th November 1907.

" 3. On account of the present disturbed conditions in Europe, and the great difficulty experienced in obtaining such work done in England, Dr. Maynard reports that he has been obliged to increase the rate of these bottles from 10 shillings to 30 shillings per gross.

" 4. Under the circumstances I have the honour to propose that the cost of Maynard's bottles should now be increased from 1 anna 3 pies to 2 annas and 9 pies per bottle to enable us to defray the enhanced cost of the article.

" 5. If you approve of this proposal, I have the honour to request the favour of your obtaining the necessary sanction of Government in the matter."

Letter from the Director, Bombay Bacteriological Laboratory, no. 4119, dated the 12th September 1916 :—

" With reference to your memorandum no. D.—2000, dated the 2nd instant, I have the honour to report that the original charge of 1 anna and 3 pies per Maynard's bottle included not only the actual cost of the bottle *plus* packing, freight and insurance charges, viz., 10 pies, but also an additional charge of 5 pies per bottle to cover loss through breakages.

" The proposed increased charge of 2 annas and 9 pies as suggested in my letter no. 3732 of the 26th ultimo was made up of the increase in the cost of bottles and in the rates for freight and insurance, but it did not include any additional charge to cover the loss through breakages; this latter charge was intentionally omitted as it was thought advisable to keep down the price of the bottles as much as possible. Upon further consideration, however, it appears that it will be necessary to make some additional charge for covering the loss through breakages, and I am of opinion that a charge of 3 pies per bottle will be sufficient for the purpose.

" I have the honour to propose, therefore, that the enhanced rate for the Maynard's bottles be now fixed at 3 annas per bottle instead of 2 annas and 9 pies as suggested in my letter no. 3732 of 26th August 1916."

Memorandum from the Surgeon General with the Government of Bombay, no. D.—2134, dated the 20th September 1916—

Forwarding the above letters from the Director, Bombay Bacteriological Laboratory, with reference to Government Resolution, General Department, no. 1567-P., dated the 16th November 1907; and recommending that in the circumstances stated by the Director, the cost of each bottle may be increased from 1 anna and 3 pies to 3 annas, and that rule no. 5 of the rules for the issue of plague prophylactic may be amended accordingly.

ORDER.—The price of the bottles to be recovered should be increased from 1 anna 3 pies to 3 annas as proposed by the Surgeon General. Rules 5 and 10 of the rules sanctioned in Government Resolution no. 1567-P., dated the 16th November 1907, have been modified* accordingly.

G. A. THOMAS,
Acting Secretary to Government.

# INSPECTION REPORT.

on the* S T A T E Dispensary at S A V N O O R.

in charge of 2nd. Grade Sub-Assistant Surgeon V. R. Kadle,

| Questions. | Answers. |
|---|---|
| I. (*a*) Date of inspection ... | 5th. December 1916. |
| (*b*) Date of previous inspection. | 25th. November 1915. |
| II. Buildings. (*a*) Is the Dispensary public property or temporarily rented ? | Sate Property. |
| (*b*) Has it been specially built for out-door relief, or has it accommodation for in-door patients ? If the latter, state the nature and express you opinion as to the sufficiency of the ward accommodation. | For both. Two Male and two female beds. This is sufficient. |
| (*c*) Is the Dispensary conveniently situated ? | Yes. |
| (*d*) Is the mortuary conveniently situated ? Is it properly built, and is it well lit, furnished and arranged ? | Yes, well lit and arranged. It has a tank and sink and cupboard. |
| (*e*) Does the Dispensary and its arrangements fulfil the requirements laid down in the rules ? | Yes. |
| (*f*) Are women and children separated from males in the outpatients' department ? Are there separate dressing rooms for them and separate windows from which to receive medicines ? | Women on the back verandah. Men on the front verandah. Seperate windows. |

* State name, and whether Government, Endowed, Municipal or Local Fund, as the case may be.

| Questions. | Answers. |
|---|---|
| (*g*) Do the annual repairs appear to be properly done? When were they last completed, and what sum was expended? | This year 123 rupees have been spent, and and there is still some small repairs to the roof to be done. |
| (*h*) As regards the Dispensary generally, are you satisfied that it is kept in good order? | It is not clean enough. Cupboards, windows and servants clothing are dirty. |
| (*i*) Have you any recommendations to make for improving the Dispensary building or its present arrangements? | No. |
| ) What recommendations as regards repairs, alterations, and fittings have been made recently? Have these recommendations been specially brought to the notice of the responsible authorities? What action, if any, has been taken by such authorities, and, where no action has been taken, what reasons have been given for non-compliance? | Last year I suggested an improvement to the roof, to prevent tiles blowing off, and an addition to the Sub-Assistant Surgeon's quarters. They have not yet been done. His Highness the Nawab has seen what was recommended. |
| III. Equipment. | |
| (*a*) Are the surgical instruments sufficient or otherwise? Are they in a good state of repair and clean? Name any that are not so. Are the surgical dressings carefully stored so as to protect them from dust and other impurities? | Sufficient.<br>Well kept and clean.<br>Yes. |
| (*b*) Are the medicines sufficient? If not, why not? | Yes. |
| (*c*) Are there any old and useless medicines or instruments in stock? | None. |
| (*d*) Are the Surgeon-General's orders as regards the storage of poisons strickly adhered to? | Yes. |
| (*e*) Are the stores in good order and neatly arranged? | Yes. But there is dust in many places. |
| (*f*) Have you any remarks to make on the condition or sufficiency of the bedding and furniture of the Dispensary? | Sufficient for the few patients. |

| Questions. | Answers. |
|---|---|
| IV. Records. | |
| (*a*) Have the medical, *post-mortem* and other records been correctly and neatly kept and written up to date? | Yes. |
| (*b*) As regards the *post-mortem* records:—Do the examinations appear to have been properly and systematically conducted and do the opinions given appear to be well founded and properly expressed? | Yes. Eight post-mortems have been made this year.<br>Yes. |
| (*c*) Do all reports and returns appear to have been sent in within a reasonable time after they are due? | Yes. |
| (*d*) Are extracts from the Official Visitors' book regularly forwarded to the responsible officers? | Yes. |
| (*e*) Have all obsolete books and records been disposed of? | Yes. |
| (*f*) What has been the income of the Dispensary during the previous 12 months (1) from Hospital Fees, (2) from Compounding Fees, and (3) from the sale of drugs and condemned articles of equipment? Have you any remarks to make under this head? | (1) Rs. 8 - 9 - 0<br>(2) " 29 - 0 - 0<br>(3) " 24 -11 - 6 (boxes, bottles, tins. |
| V. Administration. | |
| (*a*) How are the sick attended to at night? | Mostly by their own friends.<br>There is no special night nursery arrangement. |
| (*b*) Where in-patient accommodation exists, are the diets suitable and economically provided? | Yes. |
| VI. Establishment. | |
| (*a*) Do you think the Dispensary establishment efficient and sufficient? | Compounder has been here 23 years.<br>Dresser and old and not clean man.<br>Peon quite a boy. |

| Questions. | Answers. |
|---|---|
| (*b*) What changes, if any, have been sanctioned in the Dispensary establishment since last inspection? | Nurse Sitabai left in June 1916, and is now at Belgaum Civil Hospital. |
| (*c*) Is the Dispensary or the Hospital Assistant in charge provided with reasonably good text-books on the main branches of the medical profession? | Yes, he has Rose and Carless Surgery, Osler's Medicine and Jellett's Midwifery. |
| (*d*) State your opinion of the professional efficiency and general good conduct of the Dispensary Medical Officer. | I believe he does a good deal of work, I see many patients about. His conduct is good, but he has been slack about the general cleanliness of the building. |
| VII. The Town and its People. | |
| (*a*) Is the Town Municipal? What is the number of its population? | Yes, 9368. |
| (*b*) Is the Medical Officer a member of the Municipality, where such exists? If not, is there any other medical man on the Municipal Board? | Yes. |
| (*c*) How often did the Dispensary Committee visit during the preceding 12 months? | Twice. |
| (*d*) Is the Dispensary Medical Officer often called upon to give assistance to parturient women? Do women apply for relief in diseases peculiar to themselves? Have they opportunities of obtaining female medical advice in the town or its neighbourhood? | Not often, two cases last year, none this year.<br>Not often.<br>No qualified man in the town. |
| (*e*) What epidemics have visited the town or district lately? Mention their cause, if known. Is there any endemic disease? | Plague about 500 hundred cases in the last 6 months. |
| (*f*) What are the prevailing diseases of the locality? Mention the chief causes of the annual death rate. | Malarial fevers, round worms, eye diseases cough and skin diseases. Malaria is the chief disease and death cause. |

| Questions. | Answers. |
|---|---|
| (g) What is the result of your enquiry as to the water-supply? Are the wells so situated as to allow of soakage from surrounding dwellings, &c.? | The well water in the dispensary is good for drinking water, and there are many good wells in the town. There are good tanks also. Water is abundant and good. |
| (h) State your opinion of the method of conservancy and disposal of refuse of the immediate surroundings of the Dispensary | It is carried to a ditch used by the Municipal sweepers and there buried. It is the only possible plan. |

Vaccination No 609 of 1916

Huzur office, Savanur

Date 3rd Nov. 1916

Memo.

The Statement of Vaccinator has not yet been submitted to this office as required, though the Diwan has been ordered to submit it, as the number of persons vaccinated during every week is decreasing though this office has commented several times upon the work of the Vaccinator.

2) The Diwan should kindly see that all the orders of the Huzur are promptly obeyed & that they are not either simply filed or reports thereon delayed in his office.

3) The next vaccination diary should be submitted to this office along with the Vaccinator's statement.

4) The Diwan should himself find out, in future, whether the work of the Vaccinator or measurer &c is properly done

No: 64 of 1917

Savanur 7 Feb: 1917

To

Meherban Lt: Nabab Saheb
Dilerjung Bahadur
Savanur

Sir,

With Ref: to your order no: 142 of 4th instant I have the honour to state as follows:-

2. There are 6 malnad villages in this State viz: Chandapur, Nralkatti Mulkeri, Hulikatti, Torur & Kotanhalli which are in need of a tolerably good supply of quinine for free distribution. The villages of Chandapur and Kotanhalli will each require at least 2 pounds and the remaining three villages, the population of which is not so large as that of the other two villages will require one pound each. One pound of quinine will have to be kept in reserve also to meet a further demand if any from any of the said villages. Thus 8 pounds of quinine will have to be ordered and kept in the Dispensary every year at the end of May for free distribution to the villages before

the setting in of the rains.

3. The Sub Assistant Surgeon whom I consulted in the matter says that only a quantity of 10 to 12 pounds of quinine is supplied to his Dispensary every year from Govt Depot - which is barely sufficient to meet the yearly demand of the Dispensary & that any attempt to spare any out of this supply for use in Malnad villages is out of the question.

4. Therefore 8 pounds of quinine will have to be ordered. The price of quinine is Rs: 23-12-0 per pound. So provision for Rs: 200 will have to be made in the budget every year from the current year for 8 pounds of quinine for free distribution.

5. A new drug known as Quinoidine has been recently discovered. It can be obtained from the Alipur Juvenile Jail in two-grain and one-grain tablets at Rs: 4 per pound. It is (as has been stated in the Indian Medical Gazette for September 1916 - page 337) as effective as quinine & causes no Cinchonism or gastric trouble.

This drug is said to be
superb sent by the Journal
to every part of India. If an
amount of Rs: 40 only ~~xxxx~~ is
spent every year, a sufficient
quantity of this drug can be
had for free distribution in
malarious villages of this State

6. On hearing from you
as to which of the two drugs
(whether quinine or quinoidine)
should be ordered, further action
will be taken in the matter.

Yours &c

R. B. Punekar Esq.,
Divan Savanur,
Savanur.

Dear Sir,

We are in receipt of your No. 307 dated 9th instant enquiring about Quinoidine. We are happy to inform you that we stock this and its price is Rs 4/- per lb. In its raw state Quinoidine is in hard lumps and Dispensary Compounders would find it difficult to manipulate in dispensing. We should suggest you if you intend to purchase any to have it in the tablet form.

We can supply you with Quinoidine Tablets each containing a nett weight of 2 grains of Alkaloid in 1 lb tins averaging 3500 tablets to a pound @ Rs 6/8/- per lb. This preparation is having a very large sale just now and has been found most effacacious in the treatment of fevers in malarious districts.

We are enclosing a pamphlet by Lt. Co. Waters, Indian Medical Service on the merits of this Alkaloid of Cinchonna.

Yours faithfully,
for SMITH STANISTREET & Co.

# ON THE VALUE OF QUINOIDINE PREPARATIONS IN MALARIA,

## WITH SPECIAL REFERENCE TO "LAVERAIN."

BY

MAJOR E. E. WATERS, M.D., M.R.C.P. (London), I.M.S.

IN the Malarial season of 1912 investigations were commenced into the efficacy of the Amorphous Alkaloids of Quinine in the treatment of Malaria, and the results obtained went to show that these substances are of greater value than the Sulphate and Hydrochloride of Quinine.

As is well-known, Cinchona bark contains alkaloids in varying proportions. The principal ones are Quinine, Cinchonidine, Quinidine and Cinchonine, all of which can be crystallised and obtained perfectly pure. Besides these, there are also Hydroquinine, Hydrocinchonidine, and so on, in which a vinyl group has been replaced by an ethyl group. From the first group the ordinary salts of Quinine—the Sulphate, Hydrochloride, &c., are manufactured.

After separating all these, a mixture of alkaloids is left which cannot be crystallised and from which no *crystalline* salts can be prepared.

This amorphous substance was first recognised by Seturner in 1830, and was named by him as Quinoidine.

It is quite different from the "Amorphous or Residual Alkaloid" which contains Quinine, Cinchonidine, Quinidine, &c., and only some 30% of Quinoidine.

It is supposed that the amorphous nature of the Quinoidine renders it more assimilable and possibly accounts for its greater efficacy.

My investigations into the relative value of the Quinine Salts went to show that the Sulphate of Quinine was more effectual than the Hydrochloride, and that forty-five to sixty grains of either salt were sufficient to bring any malarial temperature to normal. As explained in my article (I.M.G., March 1913) this is the only practical test that can be applied in ordinary hospital or out-patient practice. It is not possible to keep patients in bed for a long period after their fever has left them, nor as a general rule is it practicable to make *repeated* blood examinations to detect the persistence or absence of parasites.

Quinine Sulph.
" Hydroch.

**Quinoidine tests.** Now as to the action of Quinoidine.

This drug was (in 1912) tested by me in 62 cases. All of these were Malaria, *i.e.*, the malarial parasite was present in the blood before the drug was administered. Many of the patients had suffered for many days before treatment had commenced and they were all sufficiently ill to leave their work and seek admission to hospital. Moreover, Hughli, where these investigations were carried out is a highly malarious district where a little fever is lightly thought of, and where patients do not readily come to hospital for this disease.

Two groups of cases were made. To the first 27 cases two grains of Quinoidine thrice daily were given, to the second group of 35 cases four grains were given thrice daily.

**Dosage.**

The tablets were given with a drink of water, and in no special relation to meals—just as they happened to be due in the ordinary hospital routine. Particular care was always taken to commence treatment with a five grain dose of Calomel washed down by an ounce of White mixture or similar saline.

Of the first 27 cases 11 were Benign Tertian, 13 were Malignant Tertian, and 3 were Quartan.

**Results.** These 27 cases reacted as follows :—

Eleven *Benign Tertians* required an average quantity of 9 grains of Quinoidine to stop their fever and were given an average of 22·5 grains each in all.

Thirteen *Malignant Tertians* required an average quantity of 10·38 grains of Quinoidine to stop fever and were given an average of 21 grains each in all.

Three *Quartan* cases required an average of 22 grains of Quinoidine to stop fever, and were given an average of 29·3 grains each in all.

## Average doses of Quinoidine required to stop fever in Malaria.

| | Average quantity of Quinoidine to stop fever (per head). | Total average quantity of Quinoidine given to each patient. |
|---|---|---|
| **I.—Quinoidine** ... dose ii grains t. d. s. | | |
| Benign Tertian cases ... | 9 grains | 22·5 grains. |
| Malignant Tertian cases .. | 10·38 ,, | 21 ,, |
| Quartan type cases ... | 22 ,, | 29·3 ,, |
| **II.—Quinoidine** ... dose ii grains t. d. s. | | |
| Benign Tertian cases ... | 13·8 ,, | 37·2 grains |
| Malignant Tertian cases ... | 16·6 ,, | 46·8 ,, |
| Quartan type cases .. | 24 ,, | 48 ,, |

## Case Histories.

Cases treated with two grains thrice daily.

(Short History).

Table C.

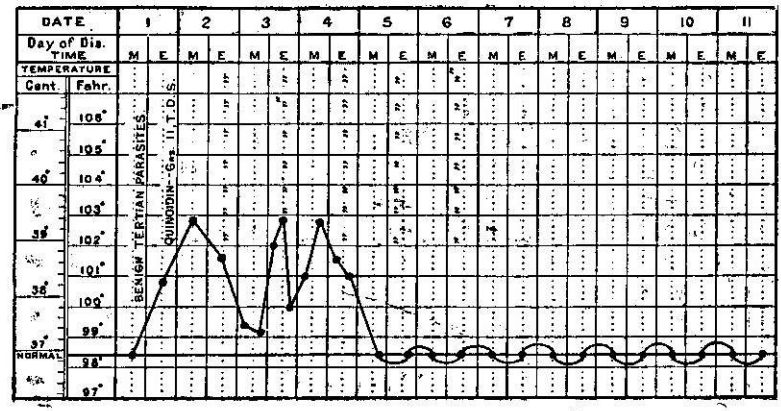

CHART I. Quinoidine.

Sew Dutt Tewari (Chart I) had suffered from fever for 4 or 5 days before admission to hospital. Parasites (B. T.) were present in his blood. Eighteen grains of Quinoidine brought the temperature to normal.

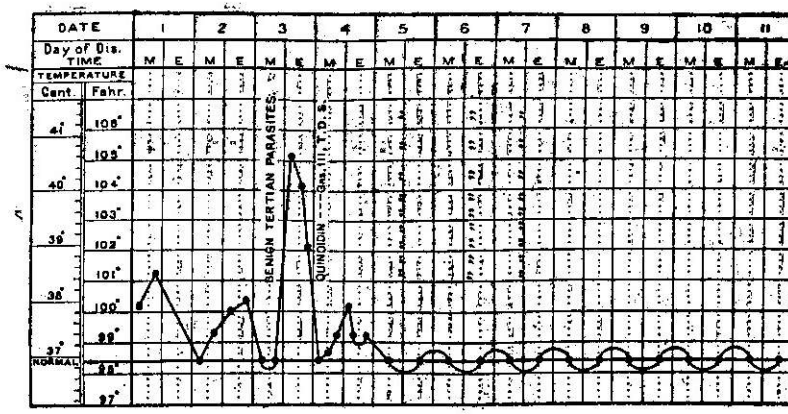

CHART II. Quinoidine.

Nister, female (Chart II), had fever for 8 days before admission to hospital. Parasites B. T. gametes were in the blood. Temperature rose to 105°. Six grains of Quinoidine stopped the fever. No relapse whilst in hospital.

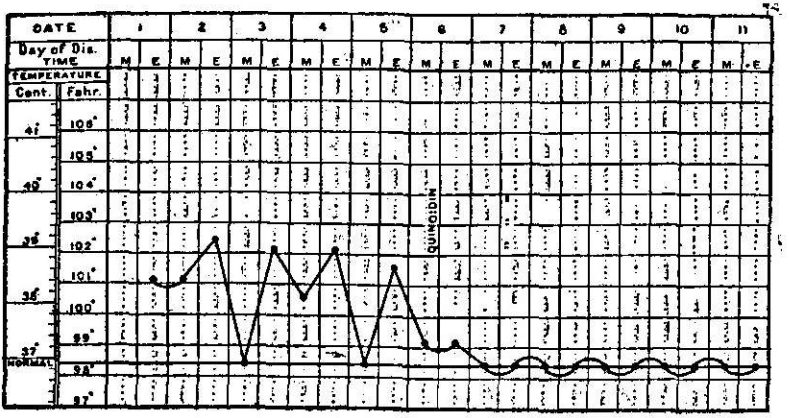

CHART III. Quinoidine.

G. H. Blake, European (Chart III), admitted with history of 5 days fever. Had vomiting and gastric catarrh. Liver much enlarged, tongue dry. Very ill. Had tramped about the country in search of work. M. T. parasite discovered on 4th day after admission. Six grains of Quinoidine stopped the fever. No relapse whilst in hospital.

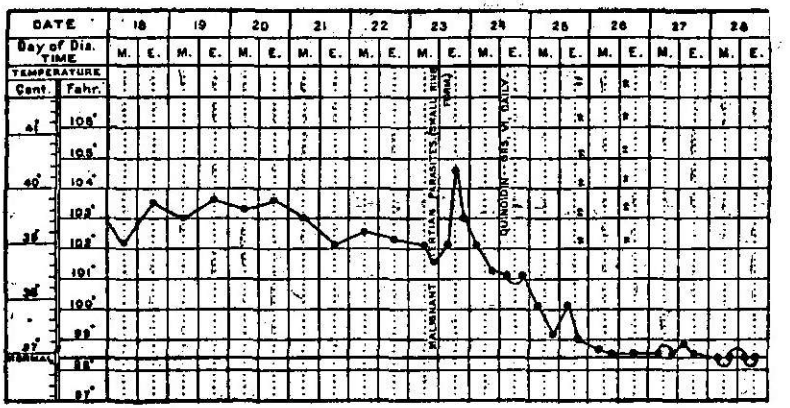

CHART IV. Quinoidine.

Topi Ram (Chart IV) had repeated attacks of fever for 21 days, and continuous fever for 11 days before admission. Spleen not enlarged. Low muttering delirium. Diarrhœa.

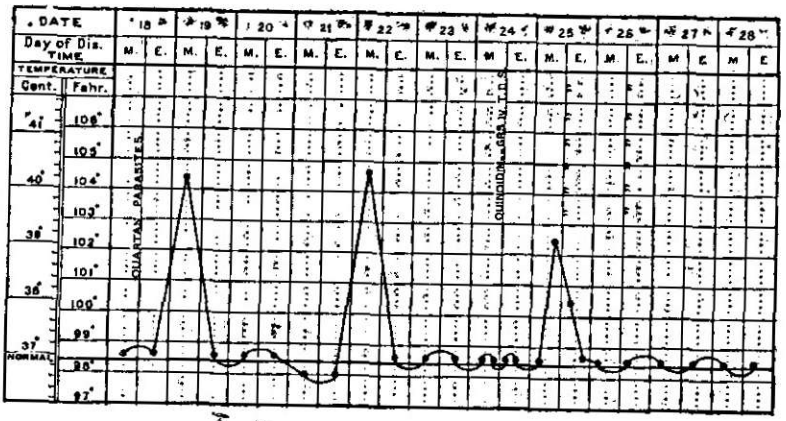

CHART V. Quinoidine.

Gobindo Doyal (Chart V). Repeated attacks of fever before admission. Spleen enlarged. Quartan parasite in the blood. Twelve grains of Quinoidine reduced the temperature to normal. No relapse whilst in hospital. This patient suffered from 'dysentery" after the fever and ascribed it to the medicine.

To the second series of 35 cases, Quinoidine in four grain doses was given, for in some of the two grain cases, it appeared that the smaller dose was not enough to control the fever.

In this series there were 20 Benign Tertian cases, 12 Malignant Tertian, and 3 Quartan.

The results were as follows :—

20 Benign Tertian cases required an average of 13½ grains to bring the temperature to normal.

12 Malignant Tertian cases required an average of 16½ grains to bring the temperature to normal.

3 Quartan cases required an average of 24 grains.

It thus appears at first sight that the larger doses were less effectual than the small ones but this I think is not really the case. The difference is not large and is probably accounted for by the drug being given in larger quantities in each day and so over-running the fever to some extent. The Benign Tertians required less than the Malignant Tertians, whilst the Quartans, true to their reputation, required considerably more than either.

Cases treated with xii grains daily of Quinoidine.

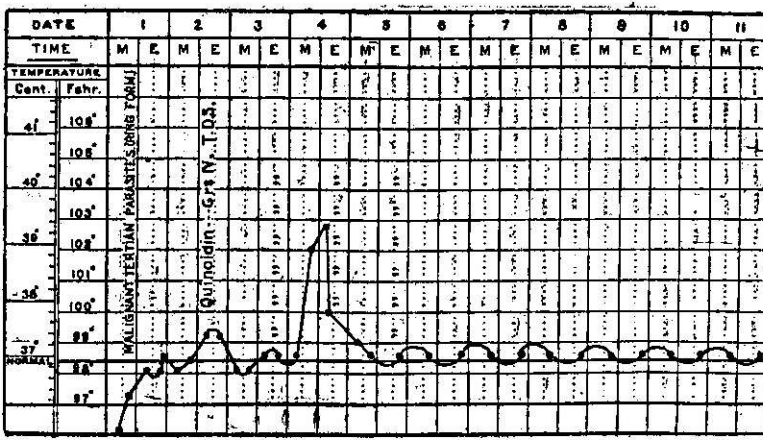

CHART VI. Quinoidine.

Ram Golash Roy (Chart VI) had been suffering from continuous fever for 3 or 4 days. On admission, collapsed with severe purging and vomiting. Pulse irregular and intermittent, much prostration. An excellent example of the pernicious or Algid type of malaria. This is the most interesting case of the series. The patient was dangerously ill on admission and apparently suffering from cholera, but the M. T. rings were found in the blood. On the day of admission the temperature was subnormal and the condition desperate; on the second day the temperature was still subnormal and the man very ill; on the third day Quinoidine, grains xii were given. There was an attack of fever in the evening, and though the man was very ill he was not quite so ill as on the first day. The temperature rose only to 99°. The next day there was no attack; the man was fairly well and the Quinoidine was continued. On the 5th, there was a sharp attack of fever in the afternoon, the temperature reaching 103°, but the patient said he felt much better, and his general appearance confirmed this. There was no prostration nor any of the typical pernicious signs, and after this the patient had no further attacks. It seems, therefore, that the improvement in the man's condition was definitely indicated by the rise of his temperature—a sign which is new to me and which I have not seen in the books.

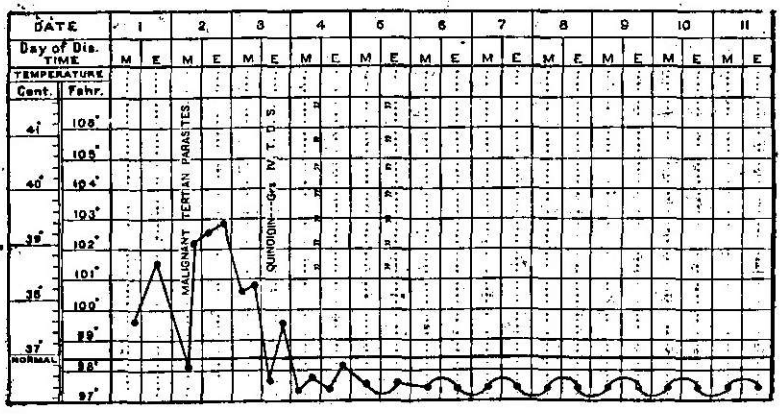

CHART VII. Quinoidine.

Kushem (23) (Chart VII).—The patient had been suffering from fever for 10 days before admission. The spleen was enlarged. Malignant Tertian parasites found. Quinoidine, grains iv t. d. s. were given and rapidly reduced the temperature to normal.

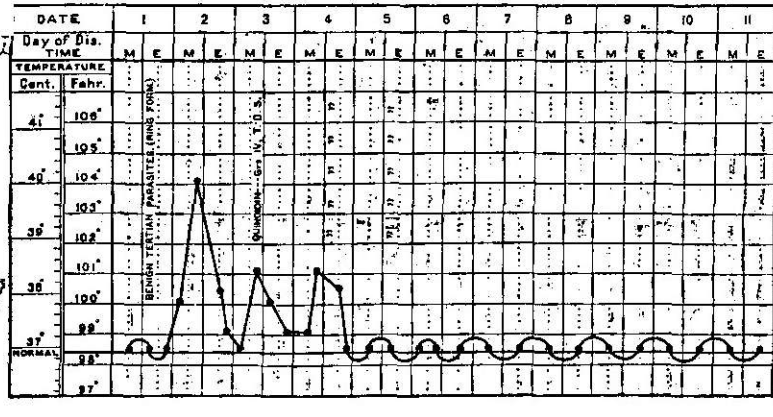

CHART VIII. Quinoidine.

(10) Sukhur Gwala (Chart VIII). Admitted on 17th September 1912. Had suffered from repeated attacks of fever for 3 weeks. His spleen was enlarged. Young Benign Tertian parasites in the blood. Quinoidine, grains iv, thrice daily—24 grains in all, aborted the next attack. Patient discharged cured on 22nd.

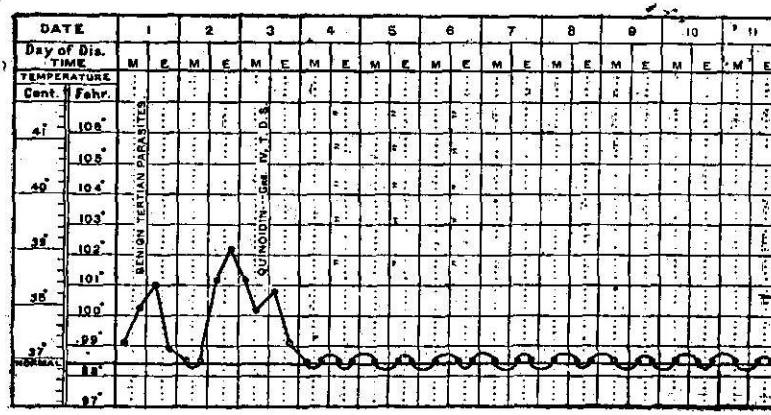

CHART IX. Quinoidine.

(9) Kali Kristo Banerji (Chart IX). Admitted on 2nd October 1912. Had suffered from repeated attacks of fever for four months, each attack lasting for eight or nine days. Spleen not enlarged, jaundice. Young Benign Tertian parasites in the blood. Quinoidine, grains iv, thrice daily., Twelve grains stopped the fever. No relapse whilst in hospital.

"Laverain." The action of Quinoidine Picrate "Laverain":—

The above investigation has been continued during the current year in my wards at the Medical College, Calcutta; but the plain Quinoidine has been modified by the addition of Ammonium Picrate grs. $\frac{1}{3}$ and Arsenious Acid gr. $\frac{1}{30}$ to each 2 grain tablet.

The Ammonium Picrate is efficacious in the treatment of Ague and Chronic Malaria, and is used, particularly for the latter purpose, in some intensely malarial districts.

The Arsenious Acid has been added for its general tonic effect and its stimulating effect on metabolism, particularly in chronic malaria.

I consider this combination to be distinctly preferable to the plain Quinoidine, for in addition to the specific action on the malarial parasite, the tonic action of the Arsenic and Picrate are also obtained. To this formula the name "Laverain" has been given, *vide I. M. Gazette*, July 1913.

The records for the current year are not yet complete, but following are brief notes and charts of cases treated with "Laverain" in my wards at the Medical College Hospital, Calcutta. In Calcutta it is difficult to insist on the presence of the Malarial parasite as an essential in all cases. Many patients have either been given some quinine in the outpatient department, or have taken it in small doses before seeking admission to hospital.

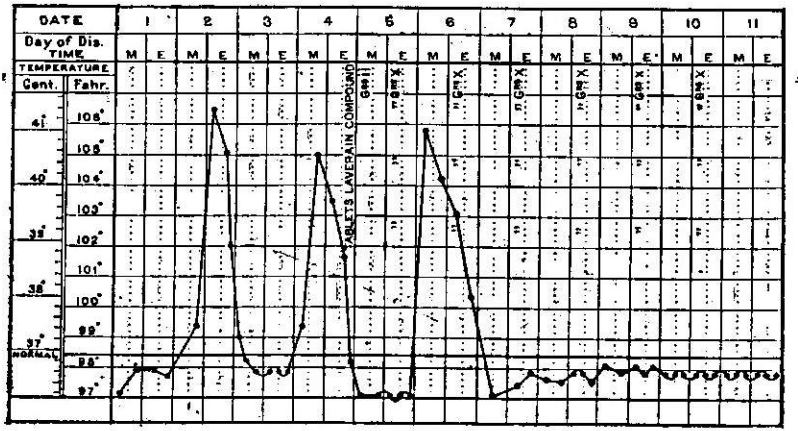

CHART I. "Laverain."

*Case I.*—Mrs. G., aged 18 years. (Chart I). Resident of Calcutta. Fever off and on for a month and a half. For the last 10 days coming every alternate day with rigor. Spleen slightly palpable and tender. Temperature runs up to 105° or 106°. White blood corpuscles 9,000. Hæmoglobin 75%. Numerous Benign Tertian parasites in the blood. A typical case of Tertian fever seen on the 10th day of the disease. Ten grains of "Laverain" were given on the 13th day, ten grains on the 14th day, and ten grains on the 15th day. The first dose was not in time to prevent the attack of fever of the 14th day, but after that no fever occurred, nor has any occurred since that time. The patient's fever was promptly reduced by "Laverain" but as a precautionary measure she continued to take it, though in smaller doses, for two weeks.

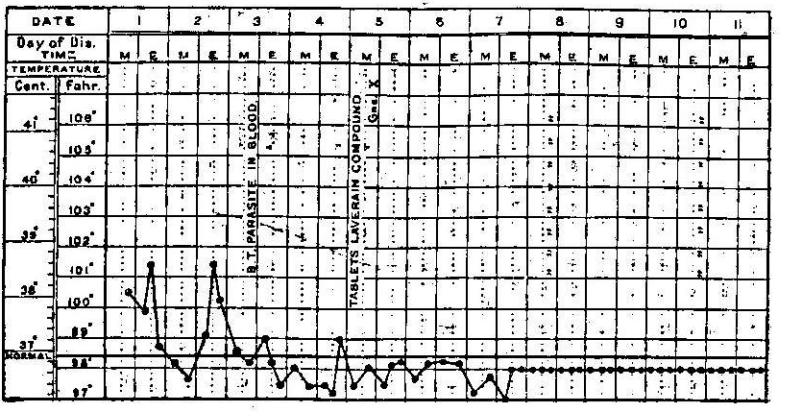

CHART II. "Laverain."

*Case II.*—Narayan, Hindu. (Chart II). Complains of fever of 10 days' duration, headache, and constipation. The fever came on with a rigor and a chill. The spleen was palpable below the costal margin and the liver enlarged. *Benign Tertian parasites* were found in the blood. Five "Laverain" Tablets were given on the 13th day, and again on succeeding days. The result was immediate, the temperature not rising again above 99° and that only on the 14th day; there was no relapse.

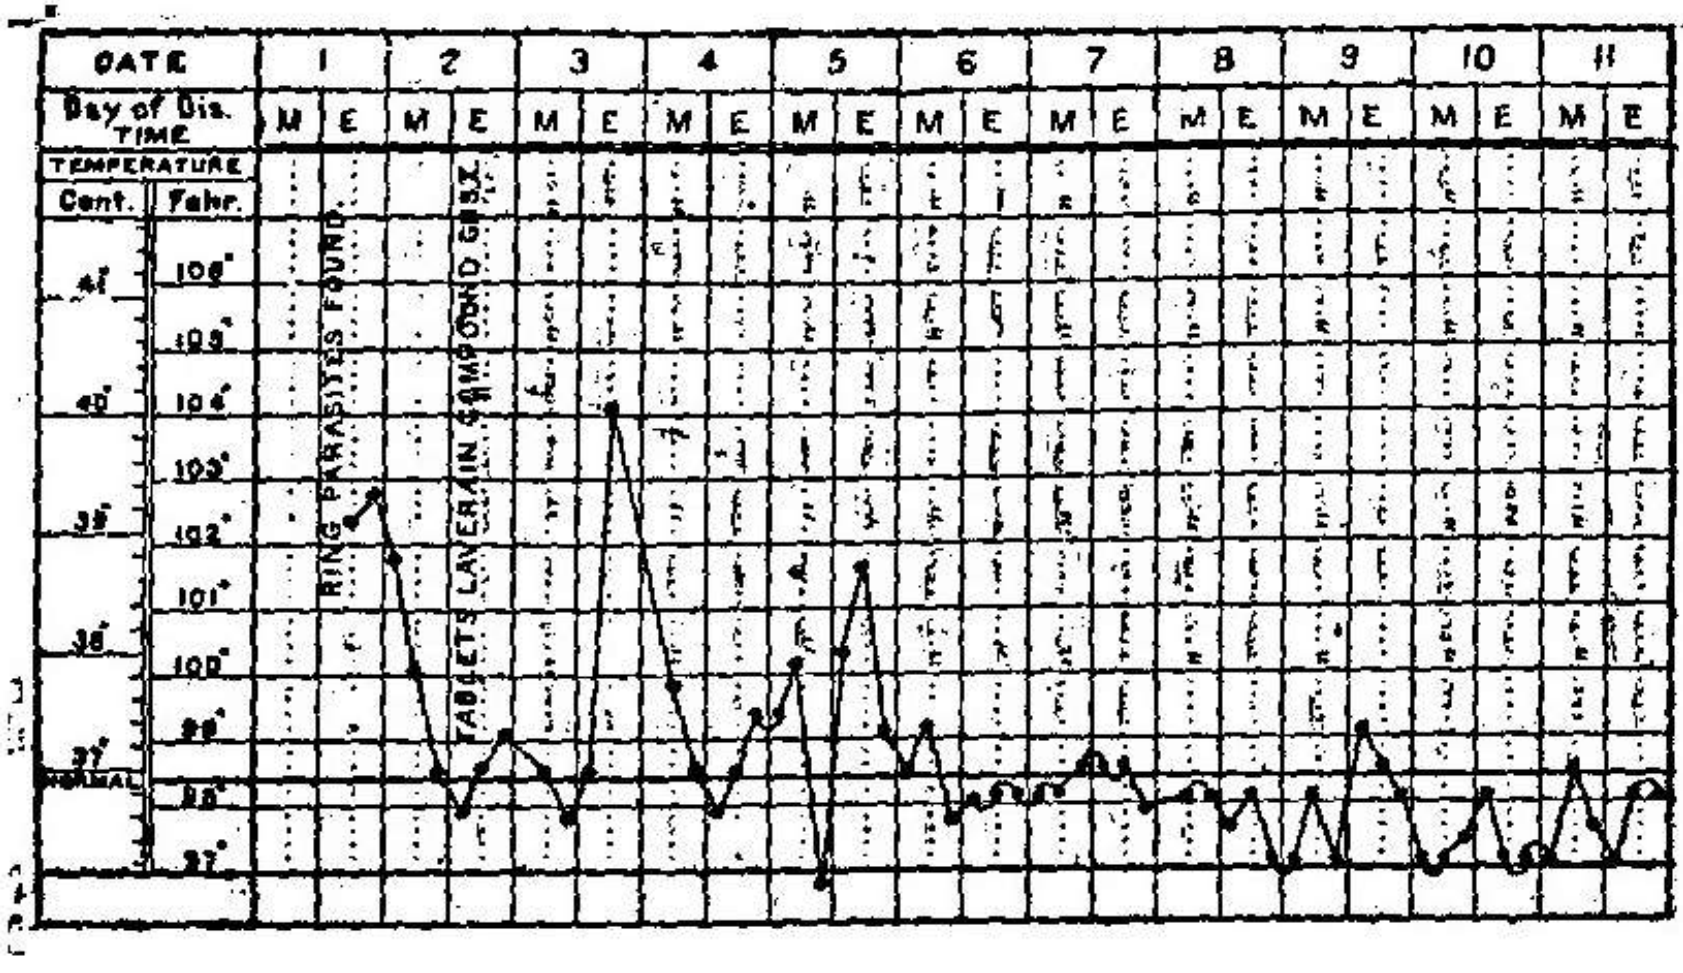

CHART III. "Laverain."

*Case III.*—J. A. F., a railway guard. (Chart III.) Fever for 20 days. Suffered from Malarial fever in 1904. Exposed to rain and was attacked with fever. Came to hospital on the 21st day. Spleen enlarged, rigor, vomiting, liver congested. Young Malignant Tertian parasites. "Laverain" given (grs. x) on the 22nd day. Fever as usual on the 23rd and 25th days, after that no rise of temperature and no relapse.

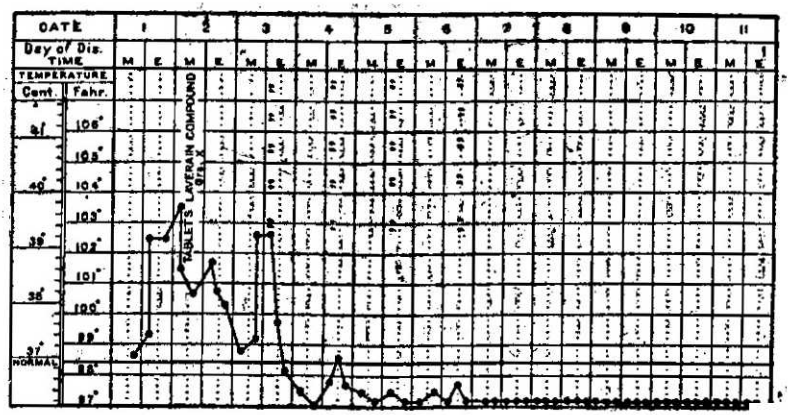

CHART IV. "Laverain."

*Case IV.*—Mrs. J. D. (Chart IV), inhabitant of Howrah, admitted for high fever of 10 days' duration and enlarged spleen. Says that 10 days ago she had a severe rigor and that this was followed by high fever. Liver tender and slightly enlarged. Patient is anæmic. Spleen enlarged and tender. *Malignant Tertian Parasites and Crescents in the blood.* "Laverain" Tablets, grs. x, on the 12th day, but not in time to abort the attack of the 13th day. After that however there was no fever nor any relapse whilst in hospital (20 days).

I have detailed above two cases each of Benign and Malignant Tertian in which the parasite was found in the blood. I give next a case in which no parasite was found, but where the clinical test and history made the diagnosis quite certain.

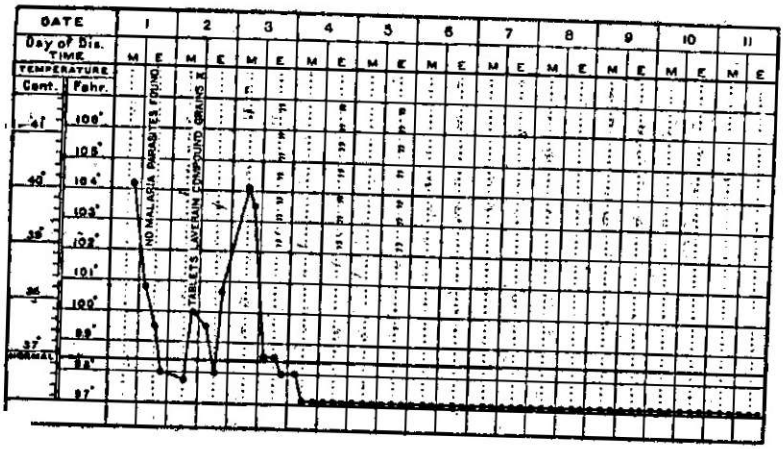

CHART V. "Laverain."

*Case V.*—Anamula, aged 20 years. (Chart V.) Complains of fever for two months. This occurs in the morning with rigor and headache.

Is employed at Serampore. Gets fever regularly at 11 A.M. daily and this remains till 4 P.M. This has gone on for two months without ceasing. There is jaundice, liver is tender, with constipation and anorexia. The spleen is 2½ inches below the costal-margin. The red cells are 1,700,000, the white cells 3,225.

"Laverain," grs. X, was given on the day after admission, there was fever the next day and then no more throughout the patient's stay in hospital, although according to her statement it had persisted for 2 months previous to admission.

The above five cases are merely examples of many others which have been treated in my wards. At the time of writing (November) cases of Malaria are still being admitted so that the records for the year cannot be made up. The cases quoted will serve to show the efficacy of "Laverain" in the Benign and Malignant Tertian fevers.

Unfortunately, I have had so far this year no undoubted Quartan case, with which to test the drug.

## Suggested method of treatment.

Recent researches have shewn the importance of early and effectual treatment of Malaria so that the young parasites may be killed off before they have an opportunity of becoming immune to Quinine or its derivatives.

As a matter of practice, ten grains or less of "Laverain" given daily for three days will, in that period, bring any case of Malarial fever to normal, or at any rate make a very marked impression on it.

I usually administer a purge of Calomel 5 grs. with Bicarbonate of Soda 10 grs. followed by a saline—in fact in ordinary dispensary practice the White mixture or saline is used to wash down the Calomel and is given by the Medical Officer in the consulting room. I regard this *preliminary treatment* as *of the greatest importance.*

Following this the patient receives ten grains of "Laverain" daily for the first seven days, six grains daily for the next seven days, and finally ten grains in two successive days for as many weeks as practicable.

It is immaterial how the "Laverain" is given; it may be before or after food, just in the ordinary hospital routine.

I generally use five 2 gr. tablets and distribute them over the day, but any other method of administration would probably be effectual.

If the object be simply to reduce the fever it is not necessary to use the "Laverain" for such a long period, but for the prevention of relapses a prolonged administration is desirable.

### Note by Smith, Stanistreet & Co.

A consideration of the steadily increasing price of Quinine, which has advanced 30% during the past 18 months and will probably advance still higher during the next year, will shew that an immense saving in expenditure on Quinine or on Quinine Tablets can be made by the substitution of "Laverain," with better results than is now obtainable by the use of either the Quinine Sulphate or Hydrochloride.

As a matter of fact, "Laverain" Tablets are supplied at practically half the price of 5 grain Quinine Tablets, and roughly 10 grains of "Laverain" is equivalent in efficacy to 25 grains of Quinine Sulphate. Each "Laverain" Tablet may therefore be taken as the equivalent of one 5 grain Quinine Tablet, the price being exactly half.

To large employers of native labour, who systematically dose their coolies with Quinine, the use of "Laverain" Tablets thus offers a saving of not less than 50% in cost, besides giving more uniformly effective protection against Malaria.

"Laverain" Tablets are put up in screw capped bottles containing 1,000, price Rs. 8 per thousand, or in quantities of 20,000 or more at Rs. 7-8 per thousand. They are also supplied in bottles of 100 and of 25 at correspondingly increased prices. We shall be glad to send a sample bottle free of charge, to any medical man who sends us his name and address with a request for trial sample.

Price of the 1000 size is advanced to 10/-

SAVANUR STATE
No. 1170
Dated 24.7.17
DISPENSARY

Forwarded with Compliments to the Diwan & Chairman dispensary Committee, Savanur for favour of Compliance.

Medical Officer I/c
dispensary Savanur State.

Recd
24/7/17

Below M. Officer's report no. 175 of 2/11/18
stating therein that Mr. V.B. Shiddapur who
is working in the dispensary as a candidate
may be appointed as an assistant Compounder
& dresser on Rs. 8 rising to Rs 12
by an annual increment & that the
present dresser may be ordered to work as a
peon on the present pay.

Mr 2 Dresser.

Respectfully submitted for favourable
consideration.

2. The Medical Officer makes proposals
which seem suitable from several points
of view & I also agree with him.

3. The efficiency of the dispensary staff
will, no doubt, be increased. There will

always be a hard to do dressing work &
relieve the Compounder when there is
pressure
~~pressure~~ of work & when the latter goes
on leave.

4. Trained hands are not always available.
A man, who has combined in him the
knowledge of dressing & compounding
is likely to be an acquisition to the dispensary.

5. One important feature of the proposal
is that it involves no extra expenditure, so
so far, to the State & at the same time
we get a man to fill up the place
of a peon which has been vacant
for a considerable time past, obviously to
the inconvenience of the M. Officer.

6. The Ops understands that Lt. V. B. Siddappa when officiating as Patil of Shiddapur was in trouble & that his services were dispensed with. In view of his present good moral ~~character~~ conduct testified to by the Medical Officer & his prospective usefulness to the Dispensary, his ——— appointment as an assist: Compounder & dresser may kindly be sanctioned.

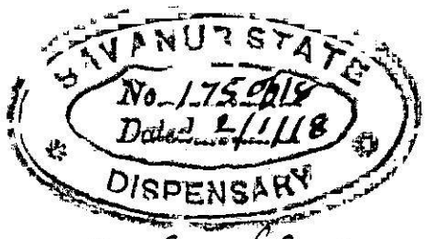
Dewan Jan



Recd

From,

The Medical officer

I/c Dispensary, Savanur State;

To,

Meherban Lt. Nawabsaheb Dr. B.

Savanur State:

(Through the Diwan of Savanur State)

Sir,

I beg to submit for your indulgent consideration the following proposal with a view to augment the efficiency of the staff of the Savanur Dispensary which is growing in importance year after year.

2. The post of a peon is at present vacant owing to high prices and increasing demand for garden labour in Savanur especially, no one could be got to fill it up. The present dresser having to do both the duties of a peon & those of a dresser the Dispensary

work suffers to the no small inconvenience & annoyance of the Medical officer & his staff generally and of the patients especially. I would therefore respectfully suggest that Mr Venkatesh B. Sidaiar who has been attached to the Dispensary as a candidate & who is helping the Compounder in his compounding work be appointed as an assistant Compounder & a dresser at Rs 8/- per mensem, & that Bairami the present dresser - who does only a little dressing & whose work in the matter of dressing is not quite up to the mark - may be allowed to revert to a coolie's post. Being illiterate, he cannot be expected to work more efficiently. He will in no way suffer as his pay as a coolie is Rs 7/- & as a dresser Rs 8/-. He will even be getting the same pay (as peon) which he got as a dresser viz Rs 8/-.

3. It will thus be observed that the proposal involves no extra expenditure to the State, but it will decidedly add to the efficiency of the Dispensary staff. Instead of a dresser the Dispensary will have the advantage of having a dresser with the qualifications of a compounder.

4. Mr K. B. Sidapur is a trained compounder & does his work satisfactorily. I have much pleasure in saying that I found him morally well conducted during the time that he has been under me. It is not easy to obtain trained hands in case of an emergency, & during the absence of the compounder on leave &c., he will do both the work of a dresser & a compounder.

5. In case Mr Sidapur does his work satisfactorily he may be given, after a year's trial, an

movement of Rs 1/- & 12/-

I have to honour to be,

Sir,

Your most obedient servant,

[illegible]

Medical officer

Dispensary, Savanur &c.

2/1/16

9mo. 91

No 2 of 1916

Respectfully submitted for favourable Consideration.

2) The medical-office makes suggestions which seem suitable from several points of view & thus agrees with him

3) The efficiency of the Dispensary staff will no doubt be increased. There will always be a hand to do dispensing work & to relieve the compounder when there is pressure of work & when the latter goes on leave

4) Trained hands are not always available. A man who has combined

in him the knowledge dressing & compounding is also to be an acquisition to the dispensary

5) One important feature of the proposal is that it involves no extra expenditure as for, to the State at the same time effect a scan to fill up the vacancy a scan which has been vacant for a considerable time past, obviates to the inconvenience of the Medical Office

6) Hiregs understands that Dr V. B Siddapur when appointing as Pate of Siddapur was in trouble & that his services were dispensed with. In view of his present post moral conduct testified to by the medical officer & his prospective usefulness to the dispensary, his appointment as an assistant Compounder & Dresser may kindly be sanctioned

2. The present Vaccinator (Rao Appasaheb) was
appointed on the following conditions

(a) To start on a pay of Rs. 14

(b) To be probationary for one year

(c) To get an annual increment of Re 1, after this probationary period, upto Rs. 20, if the service is approved.

(d) Leave to be granted under the Civil Service Regulations.

(e) No pension has been given to any vaccinator upto now. The services of vaccinators were not lent to the State in the past & no vaccinator was served the State for a period which qualified him under the State rules, for a pension or gratuity.

2 - The correspondence on the subject, in the Karnam reports, is not traceable

*Bombay Bacteriological Laboratory.—*
"Plague.
Supply of anti-plague vaccine.

GOVERNMENT OF BOMBAY.

GENERAL DEPARTMENT.

Order no. 2649.

Bombay Castle, 15th April 1918.

Letter from the Director, Bombay Bacteriological Laboratory, Bombay, no. 889, dated the 5th February 1918 :—

" I have the honour to inform you that the demand for anti-plague vaccine is very great. During the past year nearly two million doses of this vaccine were despatched from the laboratory so that the stock in hand has been completely cleared out and the vaccine is now despatched from the laboratory as soon as it is ready. From eight to ten thousand doses are prepared daily, but there are orders on hand to-day for seventy-one thousand doses more than can be supplied; there is, in consequence, some delay in obtaining material when it is called for. This delay may cause inconvenience or more serious trouble in places where the people demand inoculation.

" 2. I have learned, for example, that at Vizagapatam so great is the clamour for inoculation that ' the Collector has had to put on police to prevent the people from mobbing the plague inoculators'.

" 3. In order that the supply of anti-plague vaccine may be used as economically as possible, I think all district officers should be instructed to apply for such quantities as they may immediately require so that the vaccine is not held in stock pending an outbreak but is indented for only when the disease has actualy become epidemic. When indents are made, if I am informed that the vaccine is for immediate use, I will endeavour to meet the indents as quickly and as completely as possible.

" 4. The difficulty in complying with all demands arises from the fact that suitable bottles can only be obtained in limited quantity. Supplies are received by each mail from London, but the quantity arriving is insufficient. The India Office has kindly assisted Dr. Maynard in London in securing the despatch of bottles by the mail steamers, but further instructions to the India Office from the Government of India may assist in obtaining a larger supply.

" 5. Plague is at present widely prevalent throughout India so that the mortality from the disease is likely to be very great during the months of March, April and May. Inoculation is the only means likely to decrease this anticipated mortality. Those who have been inoculated and who are living in the midst of plague infection are three times less likely to contract the disease, and if they are attacked, twice as likely to recover from the disease as those who have not been inoculated and who are living in like surroundings.

" 6. A prolonged experience of inoculation has shown that if plague prevailed in a town of 12,000 inhabitants where one-half of the population was inoculated, it would be reasonable to expect 180 cases of plague and 135 deaths among the uninoculated, while only 60 cases and 21 deaths would be observed among the inoculated. Inoculation in this town would result in the saving of 114 lives. It follows therefore that if inoculation was adopted in all plague-infected centres, many lives would be saved.

" 7. A copy of this letter has been forwarded to the Sanitary Commissioner with the Government of India."

Memorandum from the Surgeon General with the Government of Bombay, no. C.—280, dated the 28th February 1918 :—

" Submitted to Government in the General Department.

" 2. The Surgeon General agrees regarding paragraph 3 that, owing to the scarcity of bottles at present, only such quantities of vaccine as are immediately required should be indented for.

" 3. The suggestion in paragraph 4 is recommended to Government. Please see also correspondence ending with this office no. C.—278, dated 5th March 1917, on this subject."

Memorandum from the Secretary to the Government of India, Department of Education, no. 69, dated the 7th March 1918—Forwarding copies of the following letters :—

Letter from the Sanitary Commissioner with the Government of India to the Government of India, no. 299, dated the 20th February 1918 :—

" I have the honour to forward for information a copy of an endorsement no. 890, dated February 5th, 1918, from the Director, Bombay Bacteriological Laboratory, giving cover to a letter addressed by the Director to the Government of Bombay, in connexion with demands for anti-plague vaccine.

" I would suggest that the instructions contained in paragraph 3 may be conveyed to all local Governments."

Letter from the Government of India to other Local Governments and Administrations, no. 68, dated the 7th March 1918 :—

" I am directed to forward a copy of a letter from the Sanitary Commissioner with the Government of India, no. 299, dated the 20th February 1918, and enclosure, on the subject of the supply of anti-plague vaccine from the Bombay Bacteriological Laboratory and to request that [with the permission of the Governor in Council, / Lieutenant-Governor (in Council)] instructions may be issued to district officers to comply with the suggestion made in paragraph 3 of the letter from the Director, Bombay Bacteriological Laboratory.

ORDER.—The attention of the officers concerned should be invited to paragraph 3 of the Director's letter and they should be requested to comply with the suggestion made therein when plague vaccine is indented for by them.

2. The Government of India should be addressed with regard to paragraph 4 of the Director's letter.

# INSPECTION REPORT.

on the* S T A T E Dispensary at S A V N O O R.

in charge of II Grade Sub-Assistant Surgeon Venkatrao R. Kadle,

| Questions. | Answers. |
|---|---|
| I. (*a*) Date of inspection ... | 13th. November 1917. |
| (*b*) Date of previous inspection. | 5th. December 1916. |
| II. Buildings. | |
| *a*) Is the Dispensary public property or temporarily rented ? | State property. |
| (*b*) Has it been specially built for out-door relief, or has it accommodation for in-door patients? If the latter, state the nature and express you opinion as to the sufficiency of the ward accommodation. | It accommodate for four inpatients, two for males and two females.<br>It is sufficient. |
| (*c*) Is the Dispensary conveniently situated ? | Yes. |
| (*d*) Is the mortuary conveniently situated ? Is it properly built, and is it well lit, furnished and arranged ? | Yes, well built and furnished. |
| (*e*) Does the Dispensary and its arrangements fulfil the requirements laid down in the rules ? | Yes. |
| (*f*) Are women and children separated from males in the outpatients' department ? Are there separate dressing rooms for them and separate windows from which to receive medicines ? | Women come to the back verandah, men to the front. There are no seperate dressing rooms or windows. |

* State name, and whether Government, Endowed, Municipal or Local Fund, as the case may be.

| Questions. | Answers. |
|---|---|
| (*g*) Do the annual repairs appear to be properly done? When were they last completed, and what sum was expended? | Yes. The buolding is in excellent order |
| (*h*) As regards the Dispensary generally, are you satisfied that it is kept in good order? | Yes. |
| (*i*) Have you any recommendations to make for improving the Dispensary building or its present arrangements? | No. |
| (*j*) What recommendations as regards repairs, alterations, and fittings have been made recently? Have these recommendations been specially brought to the notice of the responsible authorities? What action, if any, has been taken by such authorities, and, where no action has been taken, what reasons have been given for non-compliance? | I recommended boarding under the tiles of the roof and certain improvements to the Medical Officers quarters.<br>A lack of funds has upto now delayed the carrying out of these improvements. |
| III. Equipment. | |
| (*a*) Are the surgical instruments sufficient or otherwise? Are they in a good state of repair and clean? Name any that are not so. Are the surgical dressings carefully stored so as to protect them from dust and other impurities? | Sufficient.<br>Clean and in good repair.<br>The dressings are well stored. |
| (*b*) Are the medicines sufficient? If not, why not? | Yes. |
| (*c*) Are there any old and useless medicines or instruments in stock? | A few useless and worn out things will now be got rid of. |
| (*d*) Are the Surgeon-General's orders as regards the storage of poisons strickly adhered to? | Yes. |
| (*e*) Are the stores in good order and neatly arranged? | Yes. |
| (*f*) Have you any remarks to make on the condition or sufficiency of the bedding and furniture of the Dispensary? | Yes. I have recommended them to get six new blankets and carpets. |

| Questions. | Answers. |
|---|---|
| IV. Records. | |
| (*a*) Have the medical, *post-mortem* and other records been correctly and neatly kept and written up to date? | Yes. |
| (*b*) As regards the *post-mortem* records:—Do the examinations appear to have been properly and systematically conducted and do the opinions given appear to be well founded and properly expressed? | Yes.<br>There were three post-mortems in the curren year. |
| (*c*) Do all reports and returns appear to have been sent in within a reasonable time after they are due? | Yes. |
| (*d*) Are extracts from the Official Visitors' book regularly forwarded to the responsible officers? | Yes. |
| (*e*) Have all obsolete books and records been disposed of? | Yes. |
| (*f*) What has been the income of the Dispensary during the previous 12 months (1) from Hospital Fees, (2) from Compounding Fees, and (3) from the sale of drugs and condemned articles of equipment? Have you any remarks to make under this head? | (1) Rs. 31-9-0<br>(2) " 31-0-0<br>(3) " 3-15-0<br>No. |
| V. Administration. | |
| (*a*) How are the sick attended to at night? | By their own friends, and by the Sub-Assist Surgeon. They all do their best. |
| (*b*) Where in-patient accommodation exists, are the diets suitable and economically provided? | Yes. |
| VI. Establishment. | |
| (*a*) Do you think the Dispensary establishment efficient and sufficient? | Yes. |

| Questions. | Answers. |
|---|---|
| (*b*) What changes, if any, have been sanctioned in the Dispensary establishment since last inspection? | None. |
| (*c*) Is the Dispensary or the Hospital Assistant in charge provided with reasonably good text-books on the main branches of the medical profession? | Well supplied. |
| (*d*) State your opinion of the professional efficiency and general good conduct of the Dispensary Medical Officer. | His conduct is good, and he commands the confidence and respect of the people. |
| II. The Town and its People. | |
| (*a*) Is the Town Municipal? What is the number of its population? | Yes. Population 9368. About half Mohomedons. |
| (*b*) Is the Medical Officer a member of the Municipality, where such exists? If not, is there any other medical man on the Municipal Board? | Yes. |
| (*c*) How often did the Dispensary Committee visit during the preceding 12 months? | Twice. |
| (*d*) Is the Dispensary Medical Officer often called upon to give assistance to parturient women? Do women apply for relief in diseases peculiar to themselves? Have they opportunities of obtaining female medical advice in the town or its neighbourhood? | Yes.<br>Yes.<br>There is no female medical advice to be got and no qualified Medical man in the town. |
| (*e*) What epidemics have visited the town or district lately? Mention their cause, if known. Is there any endemic disease? | Cholera a few cases in the monsoon season.<br>Malaria is endemic. |
| (*f*) What are the prevailing diseases of the locality? Mention the chief causes of the annual death rate. | Malarial fevers, Roundworms, skin and eye diseases. Malaria cases most deaths. |

| Questions. | Answers. |
|---|---|
| (g) What is the result of your enquiry as to the water-supply? Are the wells so situated as to allow of soakage from surrounding dwellings, &c.? | There is a good well in the Dispensary compound.<br>There are many wells and tanks. Water is good and abundant. |
| (h) State your opinion of the method of conservancy and disposal of refuse of the immediate surroundings of the Dispensary | The night soil and rubbish are removed by the sweepers to a ditch where they are buried. |

Sanitation

From

Dr. R. D. Dalal,
Deputy Sanitary Commissioner, S.R.D.

To

The State Karbhari,
Savanur State.

Belgaum, 7th February 1918.

Sir,

I have the honour to request that you would be good enough to supply this office with a statement showing the nature of the water supply for each town and village in your State carefully tabulated under the following heads.

The information is required by the Sanitary Commr. for the Government of Bombay, as early as possible; & hence the request.

(a) Of public water supply.

(1) Source - e.g. - lake, river, wells..
(2) Gravity supply or pumping.
(3) Capacity of Service reservoirs.
(4) Distribution - e.g. number of house connections if standpipes are sufficiently numerous and conveniently placed.
(5) Water-rates.
(6) Provision of drainage for waste from house connections and from stand-pipes.
(7) Arrangements for water for Domestic animals.
(8) Arrangements for washing clothes.

(b) No public supply.

(1) Wells may be divided into 2 main groups public and private. Each main group to be sub-divided into 4.-
(a) Those pucca built with parapet walls and drainage for spill water - it should be noted if parapet wall is continuous or is provided with spaces at intervals for facility in dealing with buckets. (b) pucca wells without drainage. (c) wells without parapet walls. (d) Step wells. There are some wells which are not actually step wells, but persons can climb down into the water - the fact that individuals can get to the water should be noted.
(2) Tanks
(3) Rivers and nullahs.

In case of all towns and villages a note should be made of the arrangements for watering domestic animals and for washing clothes. The drinking water-supplies for the lower castes should be given separately.

I have the honour to be

SANITARY DEPARTMENT.

No. 2816 of 1915.

From

Dr. J. F. D Mello, L.M.S., D.P.H., D.T.M.& H..
Ag. Deputy Sanitary Commissioner,
Southern Registration District ;

To

The Divan of
S A V A N U R.

Deputy Sanitary Commissioner's Office
Belgaum, 23rd December 1915

Sir,

With reference to your No. 932 dated the 23rd ultimo I have the honour to inform you that a Candidate aspiring for the post of a Vaccinator must have passed the Vernacular - - - School Final Examination and his age should be not below 18 nor above 25. He will also have to undergo an examination by the Civil Surgeon for physical fitness prior to his training. On satisfaction of these conditions the Candidate will be permitted to receive training for the period of six months --- under any 2nd Grade Vaccinator of the District under whom he is desirous of being trained. During that time he should perform 300 operations and thoroughly acquaint himself with the Daftar work of a Vaccinator and obtain a certificate from him to that effect at the end of his training. Subsequently, he will be sent to the Vaccine Institute, Belgaum, where he will have to remain for about a month or so to receive further instructions and secure a certificate of efficiency from the Director, --- Vaccine Institute. A Candidate who has completed the above course of training will be considered eligible for the post of a Vaccinator.

2. The pay of the Paid-Candidate Vaccinators varies with the different Districts of this Division. It is Rs. 8/-

and 10/- per mensem respectively in the Belgaum and Dharwar Districts. The two Candidate Vaccinators in the Kanara District earn Rs. 10/- and 8/- per mensem respectively according to --- seniority.

I have the honour to be,

application from Kuniyya Uthremath for ~~permission to~~ getting him trained as a Vaccinator on condition that he should serve the State & forwarded by Surgeon for report.—

Vide No 594 dt 2-11-1916.

---

No 614 of 1916.

Dispensary, Tavanur
Dec 1916

Respectfully resubmitted

2) The applicant states that he is unable to undergo the course of training but ~~to get for a training~~ ~~for~~ at his own expense, that he is willing to serve the State on the pay & the conditions on which the present incumbent is working, if he is trained at the expense of the State.

The present vaccinator being an outsider & coming as he does ~~from a local~~ from the Br Sanitary Deptt is likely ~~to have a tendency~~ to revert to Br services sooner or later.

It is desirable that the State should have its own independent hand ~~as is the case with other Departments~~.

The applicant may, in the opinion of the undersigned, get trained at the expense of the State &

~~made to~~ offered by him on the conditions as ~~stated~~ above.

~~The present Vaccinator is retiring.~~

~~to appoint a candidate~~

The applicant ~~has the qualifications~~ is fully qualified ~~for being trained~~ ~~required for a candidate to be trained~~ for the post of a Vaccinator. In this connection reference is requested to the correspondence from the Sanitary Deptt, herewith enclosed.

The Sanitary Deptt may be moved in the matter, if the proposals are approved.

Capt.

Nawab of Savanur .

No. 1618

1/7/18

Memo.

The list of persons residing in Savanna Pali & its villages whose annual income from all sources is Rs. 250 & upwards is herewith sent for the information of the Sub. Asst. Surgeon Savanna Dispensary with reference to this no. & D/ 25/5/18.

The list of the State Servants will be sent to him later on after the complete information is received from the Vo. Pali & the villages.

Dy. Commissioner

Kalutara
5/7/18

Below Medical officers report no. 1098 28/7/18
to the Lawyer through this office ~~for~~
~~difficulties connected with the working of the rules~~
stating that many difficulties will
come in his way to work in accordance
with the new rules made by the Lawyer
in his no. 329 Dy 23/4/18 & therefor requests
that he may be kindly allowed to
treat bonafied poor outside people either
indoor or outdoor free of charges & the people
whose annual come ~~for~~ is Rs. 1000 may be
~~a~~ taxed.

No. 1098

Respectfully submitted to
30/7/18

2. The object of the rules lately framed for the
working of this Dispensary is obviously to economize
the stock of medicines & to raise the Revenue
of the Dispensary, in view of the prices of medicines
which have come high, owing to War conditions.
The object, the H/S humbly thinks, would be
equally attained by the following arrangements
The difficulties represented by the S.A. Surgeon
to arise, in the working the rules, cod also be,
the same time, removed.

(1) The stock of medicines need not be set
apart seperately for the classes of patients
mentioned in the rules. The necessity of having
so many sets of bottles, tins, pots &c. for
storing medicines, will be obviated & no
cost need be incurred for the purchase of
extra bottles &c the prices of which
have lately risen abnormally high.

The present arrangements by

by which medicines, poisons &c are stored on my Cookies.

2. If the above proposal is approved no separate expense books need be maintained. The Clerical Work Complained of as being involved in writing up the books, will be reduced & there will, at the same time, be no deviation from departmental rules referred to by the S. A. Surgeon.

3. Even though charges, an account of medicines, are recovered from paying patients (Para 5 of the rules) as per schedule A - sanctioned by Govt. & referred to by S. A. S. there will be no reduction in the Clerical Work involved in writing up the duplicate copies of receipts which are to be given at once to the patients, as they are treated.

Instead of recovering charges as per this schedule, the Ags and respectfully suggest that Composition fees may be levied at the rate of Re 1 per annum per every member of a family which comes under Para 5 of the rules. The fees thus realized will not be, the Ags thinks, less than the charges recovered as per schedule mentioned above. The S.A.S. who was consulted in this matter agrees with the Ags.

4. The Dispensary Committee was held on 24-7-18. The patients present on that day were so few that they could be numbered on the fingers of one hand. The S.A.S attributes this result to the new rules under which people will an annual income

income of Rs 250 or upwards were required to pay fees.

There are many families in Savanur & in the villages whose income is Rs. 250 per annum or in other words about Rs 20 p.m. The present charges are prohibitive in the case of such families. The result is that a large number of patients resort to the ordinary Quacks & Hakeems whose number is legion in Savanur who are now making good business.

The Asst Surgeon respectfully suggests that the minimum taxable income may be fixed at Rs. 500 if not at Rs. 1000 as in the Bombay Districts. At any rate the experiment may be given a fair trial.

5. The question of treatment of poor patients coming from neighbouring Bs. villages, was discussed, when the Asst had the pleasure of having a talk with Capt. Lethbridge Nawabsahib's last time, in Poona. It was then settled that the S. A. S. may be allowed some discretionary power in the treatment of outside bona fide poor patients, indoor & outdoor, free of charges.

6. ~~The Asst. respectfully observes that if there is an increase of charges, many deserving poor patients will be deprived of the benefits of the Hospital, & the Hospital will be deserted by poor people.~~

Thanks Sahib.

~~[illegible]~~

D. Pearson
Secy

No 889 of 1918
16/8/18

Returned vide

2. Extra bottles may be purchased for separate storage of medicines & the old stock of bottles shd. not be sold as was done in the past. An estimate for the cost of extra bottles to be purchased shd. be submitted for sanction.

3. The dispensary shd. be kept open for longer periods every day so that there may be no difficulty in discharging clerical work. It shd. please be reported how long the dispensary wd. be opened every day now.

4. It shd. be borne in mind that this is a Native State & Surgeon Generals orders shd. be carried out as far as practicable along with the orders issued by the Chief of the State.

5. The prices of medicines shd. be charged according to the rate of medicines at which they were consigned vide Item 6 the S.A.S. Stores.

6. Charges for medicines shd. be recovered from those persons whose annual income is Rs. 350 or more, as the previous order on the point is modified.

7. Certain percentage of medicines will be ordered to be set apart for poor patients

attending the Dispensary from Bo. Villages
& detailed orders reg. the same will be
issued later on.

8. The object of the Rules lately framed
for the working of the Dispensary is neither to
economise the Stock of medicines nor
to raise the fee income of the Dispensary
as contemplated by the Diwan but to secure
the services of a compelent midwife for the Dispensary.

9. The difficulty of writing up duplicate
Copies of receipts wd not have been arisen
in the Case of a Private dispensary, but
in the Case of a State dispensary, all
sorts of difficulties would arise.

10. The proposal of the Diwan to levy Compo-
-sition fee at the rate of Re. 1 per annum --
per every member of a family which
Comes under para 5 of the rules
referred to by the Diwan, instead of daily
fees, is disapproved.

11. There is no help for the decrease in
the number of paticuls present on the date
of the Dispensary Commuellee, owing to
the new rules being brought into force.

12. The large numbers of paticuls who resort
to ordinary Quacks or Natives in Salem
will soon realize the disadvantage & obtain
Cheaply & wd naturally resort to the Stat

Dispensary in the Course for medical
aid when they learn the advantages
derivable thereby & when they can afford
to pay the Expenses or Rates for their
treatment they can also afford to pay
for the medicines supplied to them
at the State Dispensary.

requested to seal the
cupboards which
contain poisonous
drugs.

Mr Kurlekar should
please be wired to
report himself for duty
on 18th instant.

Yours sincerely
H Meuston
Chirurgeon

Savanur
Dy 8th Nov 1849

My dear Devan Sahib,

In reply to your letter addressed to the Huzur, I have been ordered by the Huzur to inform you to issue order to the Sub-Asst Surgeon to Bandeker to go at Laudrig over charge of the compounder his-Govind Rao.

After the departure of the present Surgeon & till the arrival of a New Sub Asst Surgeon at Savanur, the Charge of poisonous drugs should rem in with You. Yours

He has been asked to treat Our Jong prince Nawabsahib till he leaves this place.

I am waiting for orders.

Yours Brewer

Sir,

Jour Honors ever Dutiful & faithful Servt

R Sulton

Dvr

8/ [redacted] anvr

8/11 1-45 Pm

Respected Sir,

Here I beg to Submit a copy of a reply to my letter from Surgeon Kurlekar S. A. Surgeon Shiratti also a copy of reply to my telegram from Sub Asst Surgeon Ichalkaranji in favour of Jour Honors' kind personal orders.

Surgeon Kurlekar S. A. S Shiratti promises to join his duties here on the 18th Inst.

Yours

think [redacted] at till he's
H. Sec[redacted] Compounder Mr.
Govin[redacted] may hold
charge [redacted] Dispensary.
Mr. Ba[redacted]ekar intends
leaving this place on the
6th Inst. Mr. Govindrao
Compounder having been
serving for 8 Block
25 years at the Dispensary
I am confident the work
of the Dispensary may not
suffer till Mr. Kurlekar
joins his duties. But as
per medical Circular orders
the Compoun[redacted] is not allowed
to be in charge of poison.
If your Honor is pleased
to order the charge of poisons
drugs will be with the
Dresser till the S.A.S now
appointed takes over charge.

I therefore beg to be
informed whether I should
depute Mr Kurlekar to ask
him to join his duties
here on the 18th Inst.

I have not yet
received replies from
the Candidates whom I
have already addressed.

Mr. Bavadekar is visiting
your Hon[redacted] this evening

6-11-19.

Respected Sir,

your wire duly to hand & noted the contents with great surprise I never thought that I would get the chance of having the post as I had no reply to my application.

Now I humbly beg to request you that I am willing to accept the post on the following terms

The service should be pensionable or if any other system such as provident fund is existing I am willing

I should be allowed ~~free~~ private practice.

I will [illegible] I am to do

any personal services to the Nababs able or not

I should be given free quarters and my travelling expenses from this place to Savanur

~~If this~~ I am willing to accept the post on the above terms and shall be able to join the dispensary by the end of this month

Hoping to receive an early reply

Yours obdt

G Ketkar

Dear Devasahib.

I beg your apology for not sending a letter to you earlier. I was corresponding with the State & was not in a position to give you the exact date of my coming over to Savanur & taking the charge. I have now received a reply & I will certainly come on the 18th or even a day or two earlier.

I have already requested you in person to send me a pen to the dispensary. You will kindly ask him to find out two carts coming from Savanur & Dharwar, so that

I can send my kit Conveniently
I know I am taking advantage
of your kindness in requesting you
to do such favours, but as you have
been kind to me ~~ab~~ above, you will
not mind this also.

Kindly give my best
respects to H. H. The Naval Salut.
request him on my behalf to excuse
the delay.

Yours Sincerely
J. K. Kurlekar

I tried to obtain one years
leave without pay. Now I have
resigned my post here. So that
I am now quite free. I will wait for
a week. If the reliever does not come
I will hand over charge

2 Charge to the Commander & start for Savannah. Any Letters are coming on the 18th inst Certain

JAR

Kindly give my Namaskar
to Mrs. Bhaskar Rao, the
Hooker Chitons also.

Sir,

Beg to enclose for favour of perusal & orders page 267 of Bombay Govt Gazette dt. 11/11/18, wherein it is notified that Dist Police Act 1890 having been amended, S. 61A has been inserted after S. 61. This amendment empowers State that if Cattle are habitually allowed to stray & that such cattle trespass on land & damage crops or other produce thereon, Govt may direct that provisions of S. 61A shall operation in such area. S. 61A lays down that a person who has neglected & otherwise fails to keep in confinement or under restraints between sunset & sunrise any of his cattle shall be punished with fine or imprisonment. &c.

I beg to bring Your Hons notice that the Govt by the publication of this amendment

was first started by my predecessor
as Cess in the opinion that introduction of
amendment of the new S.61 it would
be necessary as Cumbersome Provisions of S.23 which

No.110/ of 1919 Diwan's office Sava

3rd October 1919.

From

Ramarao Shrinivasrao Kulkarni, Esqr.,
Diwan Savanur State.

To

Captain Meherban Nawabsaheb Dilerjung
Bahadur Savanur State.

Respected Sir,

In obedience to your order no.757 dated - 3rd September 1919, I invited applications, from the quali-fied retired Sub-assistant Surgeons for the post of a Sub-assistant Surgeon on Rs.65/-p.m. at Savanur through the --- weekly news paper "Kasari" for three successive weeks. I accordingly received 24 applications which are all enclosed as per appended statement for favour of your perusal and selection of one of the applicants.

2) Majority of the applicants, are qualified sub-assistant Surgeons and have either passed Sub-assistant Surgeon's examination from the Government Medical classes or L.C.P.S. examination i.e. Licensiate of college of Physicians and -- Surgeons at Culcutta or Bombay.

3) Serial no.12 Mr. G.S. Gore states in his application that h he has passed L.M.&.S. and L.C.P.S. examinations. He has not sent any of his certificates.

4) Serial nos. 3 and 16 Messrs V.G. Kurloker and G.V. Pandit - saw me personally. Both have passed L.C.P.S. examinations. The former is serving as Sub-assistant Surgeon on Rs.45/- in charge of the Shirahatti Dispensary-23 miles from Savanur in the Sangli state. He has the experience of 10 years as he says and one of his certificates shows that he has picked up eye operations at Miraj Dr. Manly's Dispensary. The latter Mr. Pandit has been serving in the Kolhapur State as Sub-assistant Surgeon for the last 6 years.

5) I also beg to bring to your notice that some of the applicants wrote to me to communicate to them the future prospects attached to the post. I am humbly of opinio[illegible] the

maximum pay may be fixed with a condition that the Sub-assis-tant Surgeon selected should execute a bond for at least - three years.

6) The present ~~incumbent~~ incumbant Dr. Bavadeker wants to go on privilege leave from 16th instant. I solicit orders as to the appointment of one of the applicants who may be found suitable by your Honour.

7) In my humble opinion old men can not be of much use even for ordinary Operations. Private practitioners have hardly any practice for post mortems.

I have the honour to be,

Sir,

Your most obedient servant,

R. Krishnan

Below No 135 from H.H.S.

No. 2 of 19. Diwan's Office
Savanur
12-8-19.

Respectfully submitted to Meharban Captain Nawabsahib Dibajang Bahadur for favour of perusal & orders.

2 There are at present no signs of influenza epidemic. The medical Officer may be ordered to find out any good specific medicines on the disease as it preventive & also curative remedy. The Municipal members & some leading men will be ready to volunteer their services if necessary. The necessity of an additional Sub-Assistant Surgeon & of nurses will be reported when the signs of the epidemic may be impending. Savanur is not so big a town as may require any special arrangements mentioned in the enclosed memorandum.

3 As regards proper arrangements to be adopted in the State villages, the villages may be supplied with specifics & other suitable medicine, as already ordered by H.H. Govr. Other local arrangements as are best suited to the occasion may be made, when the signs of outbreak are observed.

Extract from memorandum regarding measures for organized relief against influenza.

---

III. Measures for Organized Relief.

(a) Local authorities should have ready lists of their requirements for doctors, nurses, the additional hospital staff required, such as sweepers, Ghistis, &c., mask makers, motor cars, ambulance drivers and volunteers of all kinds necessary, for the actual treatment of the sick; and have noted, as far as possible, the actual persons who could prove useful in various accessory capacities. A census of private cars which people are willing to lend as ambulances, might advantageously be made. Further, the names of volunteers for district visiting and localization of cases should be noted.

and other Local authorities.

In this connection it would be well for municipalities to enter into arrangements prior to an epidemic if necessary for it, to some already organized body such as the St. John Ambulance Brigade, Nursing Association, as in addition to the above, hospital requisites must be obtained, e.g., beds, mattresses, etc., Lists of what are valuable should be made ready.

(b) Resources of men and material should be centralized under one central authority.

(c) The work of district visitors in a house-to-house census, referred to under paragraph (a) above, should be co-ordinated. Valuable information would thus accrue as to the actual extent of the disease. These visitors should also be instructed as to the type of case and home which would justify home treatment being adopted, and when hospital treatment is necessary.

A central clearing house or a bed dispensary might be instituted in large towns and severe cases be transferred from these to the hospitals. Hospitals should be warned to admit only severe cases as their resources will be taxed to the uttermost.

(d) It is needless to say that all other public health organizations, such as vaccination and plague organization staff, &c., should be utilized for the various measures of influenza epidemic control.

Sir,

Being given to understand that there is a vacancy of a qualified medical man under your immediate control, I the undersigned Sub-Assistant Surgeon is a candidate for the same.

For your information I beg to state that I am in this profession for the last 25 years; I was in different places as a Medical Officer from Rs.100 to 150 per mensem. Lastly I was in German Firms - Messrs Schroder Smidt & Co., which firm went into liquidation at the outset of the War. Since then I was practising and amidst this I was appointed by the Simla Office as a Sub-Asstt Surgeon at Daresalam, Central Military Railway Hospital in Africa for a period of 18 months on a salary of Rs.225/- per month plus boarding, clothing and attendance, etc., I have now returned to India after the expiry of my agreement and I enclose my first and last certificate for your perusal.

In view of the above if you should be pleased to confer upon the post solicited for I shall discharge my duties to your entire satisfaction and will remain extremely grateful.

I beg to remain,
Sir,
Your most obedient servant,

Please return the Enclos No Six if you do not want me

Sub: assistant Surgeon

Sawnoor.

Sir:-

Read your advertisement in the last "Kesari" for a Post of a Medl Officer for the Sawnoor State & I beg to apply for the same.

I have studied in Poona Medl School for 4½ years & have passed the L.C.P.S. Examination of India; and have served as the Officer of the Baroda State for the last six years. I wanted to proceed to the East African Protectorate for services & hence took leave of absence. Owing to domestic difficulties I have for the present postponed my departure. In case you are pleased to sanction my appointment there & I find the place suitable & lucrative, I

I might yet decline the offer of the agent-
ship the East african Govt.

I have herewith enclosed Copies of my Testimonials for your kind perusal.

I am a Mahratta by Caste & my age is 34.

Soliciting the favor of an early reply.

I beg to remain
Sir
Your most obedt. Servt.

SITAMAU, C. I.
*The 29th. April, 1914.*

Dear Sir,

Your telegram of the 2nd. instant was placed before His Highness, who has been pleased to pass an order for your appointment as Chief Medical Officer in the Sitamau State with effect from the date you will be able to join the post on the following terms:—

Your starting salary would be Rs. 50/- per month.

It would be raised to Rs. 55/-in two years and to Rs. 60/-in further five years.

Any further promotion & a pension on retirement would depend entirly on the pleasure of His Highness. The promotions from 50 to 60 would not be made to depend on any examination but would be guided entirely by considerations of approved service. One month's notice would be regarded as necessary and sufficient on either side for the termination of this engagement.

I shall be glad, if you will make immediate arrangement for coming over here.

Yours truly,
YASHVANTRAO.

Dewan Savnur state.

District Dharwar.

Sir,

Having read in the ~~last~~ 'Kesari' that you need one sub assistant sergeon for your dispensary, I beg to offer myself as a candidate for the same.

It is more than 13 years that I have opened a private dispensary in Poona. Owing to some family mishap I had to leave my courser incomplete after 2 years.

I was in charge of the Fercusson College dispensary for nearly four years. During that time I had administered medicines to several patients suffering from different ailments Moreover when Influenza was broken out in Poona I was appointed by the Health Officer Poona City as a Medical Officer on Rs 80/- p.m. and an independent dispensary was given in my charge. A glance at the accompanying copy of the report that was submitted to the Health Officer will give you a complete idea about its workings and is equal to several testimonials put together.

It is hoped that this application will meet your honours kind approbation and approval and you will be kind enough to confer upon me the post requested.

I beg to remain
Sir,
Your most obedient servant,

Medical Practitioner.

Kasaba 45.
Poona City.
D/- 15 September 19

To,

The Health Officer,

City Municipality,

Poona City.

Sir,

I have the honour to report on the working of the dispensary under my control.

Influenza commenced its campaign in the city on the 7th September 1918. The infection spread out rapidly and made its scope through all the quarters of the town. It seems to be of a varulent type and began to ravage the town by leaps and bounds. The medical aid available in the city was found insuffi cient to cope with the increasing attacks. The patients especially the poor began to fall victims to this epidemic apparant ly for want of prompt and efficient medical aid which initiated the origin of the opening of the dispensary under report and its jurisdiction extended over Bhamburda and eleven pethe viz. Budhavar, Mangalwar, Ganj, Shanwar, Vetal, Sadashiv, Kasaba, Somwar, Ganesh, Raste, and Nyahal.

The dispensary under report was accordingly opened under the patronage of the City Municipality and was placed in my charge. I was of course energetically cooperated by the force of volunteers generally recruited from the college stude dents at the instance of Prof. S.B.Bondale M.A. who acted as Head volunteer from the opening of the dispensary but had to leave Poona to attend his brother who was suffering from this disease and Prof. K.R.kanitker M.A.B.Sc. succeeded him.

On the opening day 21/- patients were enrolled. The attendence had gradually increased and an avarage of 135/- patients had to be treated every day. The successful treatment of the patients had won the implicit confidence and appreciation of the public in the drugs administered. This accounts for the increase in the number of patients which rose from 21/- to 246/-, as will be seen from the chart attached. I may note here that the volunteers took the highest po ssible precautions in delivering the drugs administered by me for which they dese

Reply

11 9/19

Dear Sir,

With reference to your advertisement in Kesari of the instant for Subassistant Surgeon I beg to request you to send me following information.

1 Is the State willing to employ a non-retired Subassistant Surgeon of nearly four years service?

2 Does the State wish to give promotions above Rs. 65? If so, please state the conditions.

3 The population of the town.

4 The railway connection.

5. the nearest dispensary
6 How far is Dharwar from
Sawanur?

I beg to remain
Sir
your most obedient
Ms Saheb.
medical officer
Karajgi

Address:-
N. V. Saheb
Subassistant
surgeon
Karajgi
Dist. Solapur
(Akkalkot State).

deserve congratulations.

In addition to the dispharging of medicines I had to pay visits to patients whose cases were reported to be xxxx serious i.e. of Pneumonic nature and calling for visits. Such cases were not in an average less than 9/- per day.

On the whole 1200/- patients xxxx had received treatment during this short period from the dispensary under report of whom 1177/- or 99 % of the patients were, it is gratifying to note, completely cured, though there were not less than 300% cases of PNEUMONIC nature and only 23/- or 1 % were fatal.

I may state here that I am greatly indebted to the Health Officer for giving his kind advice whenever required and encouragement in the conduct of the dispensary. The Chief xxxxx Officer also frequently visited the dispensary and tried to bring it to a complete success. I take this oppertunity to offer my cordial thanks to Mr. H.N.Apte the then President of the Municipality for giving his sanction and the Chief Officer for recommending this measure. Thanks are also due to the Superintendent of the P.N.Institution for kindly giving accommodation to the dispensary duly furnished in the premises of the school building.

Lastly I may state that the existance of the dispensary continued from the 20th September 1918 to the end of October when it was closed.

I have the honour to be,
Sir,
Your most obedient servant,

Dated the 31st October 1918.
POONA CITY.

Medical Officer I/C
P.N.I.Municipal Dispensary.

Dewan, Sawanoor State
Dt. Dharwar.

Sir,

I am a duly registered Medical man with over 16 years practical experience. For some time I was Chief Medical Officer of a Colliery Hospital; also I have served in the Burmese War Hospital of Bombay for the present. I am a practising physician and surgeon. Allow me to state clearly that I am not a pensioner, but can produce good credentials. In conclusion I am willing to accept the advertised post if you can see your way to approve my services.

Yours faithfully
C. S. Gore

From,

The Sub-assistant-
Surgeon
Purushottam anant Joshi
H/c. atpadi Dispensary
Post atpadi
Distt: Satara

To,

R. S. Kulkarni Esqr
The Dewan,
Sawanur state
Distt: Dharwar

Dated atpadi the 15th Sept: 19

Respected Sir,

With reference to your notification of 5th Sept: 19, in the issue of Kesari of 9th Sept: 19 I humbly beg to offer myself as a candidate for the post of a sub-assist: surgeon in your state

2 I am a qualified and experienced s. a. surgeon having passed & qualified from the medical school, Poona, in the year 1903 & got the diploma of the s. a. surgeon's qualification

Since then I have been in service
for the last 15 years as an Officer
in charge of Dispensaries & Hospitals
doing both medical & surgical
work. As an assistant superin-
tendent of Vaccination Department
I as an Officer in personal ser-
vice with the Royal Family.
I have always worked to the
entire satisfaction of the people
and the authorities concerned
for all this period. I have thus
gained considerable experience
of medical & surgical work of
varied nature. I append to this
application some of the certificates
from the able medical authorities
and Administrators who had
the opportunity of closely judging
my work. In addition to the
endorsed certificates there is
the Official Record of periodical
inspections of the Dispensary
I am at present in charge of
for these nine years & of any

general work by two late authorities
It speaks highly and satisfactorily
of my work. Copies of these are al-
ready but will be furnished if
required. I must leave it to you
to judge of my abilities and
behaviour as best you can from
this material.

3 I am only 40 years of age
at present & have ambition of put-
ting in honest, able, zealous and
useful work hereafter as oppor-
tunities will be offered to me
on appreciation of my work.

4 I am willing to take up
your appointment only if it is
permanent.

5 One more point to be noticed
that my present appointment
is permanent. I must therefore
give reasonable notice of leav-
ing the present post to the
state authorities before joining
your appointment — if you are
pleased to confer it on me.
I shall be quite willing to

[redacted] you with any more information if so desired.

Hoping that my application will be duly and kindly considered.

I beg to remain,
Sir,
Your most obedient Servant
Purnis Hall and Jarkin
Sub-assistt Surgeon

DATED POONA,
*9th June* 1908.

Copy of Inspection Remark passed by Residency Surgeon, Gwalior at Munderi Dispensary, Parone State, Gwaliar, on 17th August 1904 when he visited the Dispensary.

---

I visited the Dispensary at Munderi to-day and found everything in as good order as one can expect with such limited accommodation.

Hospital Assistant Purushottam Anant seems to take an interest in his work and has evidently taken a lot of trouble amidst adverse circumstances. As far as I can judge from a short visit he is sound in Diagnosis and Treatment and seems to be more knowledgeable than I expected him to be coming straight from a Medical School. A proper Hospital is urgently needed here as there is plenty of scope for good-work and also proper quarters for the Hospital Assistant and for the Compounder. The former has become ill with acute dysentery and is just now unable to keep the Hospital open. Finding the building of a new Hospital much can be done to improve the accommodation here by supplying the almirahs for the Drugs and Stores and getting doors fitted to recesses in the walls. Some towels also are needed. The Compounder seems to do his work conscientiously and is an intelligent youth.

(Sd.) W R. BETTYE,

CAPTN., I. M. S.

*Residency Surgeon, Gwalior.*

Copy of a recommendation made by Captn. R. W. KNOX, M. B. I. M. S. Agency Surgeon in Bundelkhand on a petition from Hospital Assistant Purushottam Anant to the Administrative Medical Officer in Central India.

---

This Hospital Assistant was recommended by Captain W. R. Battye I. M. S., Residency Surgeon, Gwalior, by Lt.-Col. Henderson, I. M. S., Pooña. Captain Battye was so pleased with his work that he promised to try and get him into Government employment. There was no vacancy at the time and he was since been trying to get a Municipal Post in Poona. He is anxious to get in Government employ in Central India Agency and if there is no vacancy he wants if possible a post in the Indore State. If there is not any vacancy would you kindly inform me that I may see if I can get him in a billet in Panna or Chhatarpur out Dispensary, if that has not been filled up.

Respected Sir,

Being given to understand that there is a vacancy of a Medical Officer at Savanur, I humbly beg to offer my services for the same.

As regards my qualifications, I beg to state, that I have completed gone through the Medical course of the Government Medical Institution at Hyderabad (Sind) and have undergone practical training in Medicine and Surgery and have myself performed a large number of minor as well as some major Surgical operations, while my deceased father served as Medical Officer attached to Sir James Fergusson Hospital Khoraji, Gondal State (Kathiawar)

Besides I have been practising

since the last ten, twelve years.

Further I beg to state that I have served as medical Officer Jafarabad State (Kathiawar) where in addition to this duty I have done the duties of a jail and Vaccination Superintendent.

I shall ever pray to God for your Honor's long life and prosperity if the post applied for, is conferred upon me, and shall in duty bound discharge my duties to the entire satisfaction of my Superiors.

Soliciting a favourable reply, for which half anna postage stamp is enclosed herein.

Dear Sir

I herewith submit for your application from Temporary Apothecary Dr. G. Boyle for an appointment on the permanent staff & should glad if you would kindly send same to the Superintending Surgeon for his favorable consideration.

2 He has worked very well during the time he has been at the Depôt & went to the energetic way with which he has attended his sundry duties, has kept the Camp free from disease

3 The only serious out break of infectious disease we have experienced was cholera

Cholera & this was stamped out in a very short time. Only having five cases, which certainly, does Apothecary Bowler great credit. in the manner with which he tackled same.

& I may add that at the time of this epidemic he had some 15-00 coolies living at the Tapli

I Trusting his case will be considered favourably

The Dewan Saheb,

Sawant State.

Sawant.

Respected Sir.

I am informed by one of my Poona friends that there is one vacancy as — medical officer under your kind control in Sawant State. So beg to approach you with this.

I am a Licentiate Medical Practitioner from The King Edward Hospital Medical School Indore. A copy of my diploma is sent here with. I have worked as "Pathological Assist" in The King Edward Hospital Laboratory for a period of six months. I have worked at Poona in 1916 at Poona Tubercular Diseases Hospital during the Plague Epidemic. For a year I was practising at Dhulia with my father Dr. D. K. Kunte L.M.&S., who has a flourishing practice for the last 22 years, there. In 1918 I volunteered myself for "Active Services" and I was attached to Hospital Ship — "Loyalty" - "Bombay" - My services were dispensed with as The Ship demobilized.

At present I am working in G. I. P. Rly on Dhond-Manmad Rly No 3 Division, on Rs 175/- per month.

As I wish, to lead a calm & quiet life which is not possible in Railway service, I beg to offer myself for the post on Rs 100 or so or on any terms which your honour may grant.

I am submitting herewith a copy of certificate from Officer Commanding on H.S. — Loyalty Bombay. I have got some other Certificates in midwifery work and Others which unfortunately are not with me at here as I am away from

P.T.O.

my time. I may submit them afterwards if you order.

Requesting to be excused for the trouble and a reply at your kind convenience.

I beg to remain.

Dewan of Savanur

Respected Sir,

Having come across the advertisement in the "Kesari" news-paper of 23rd inst. for a Sub. assst. Surgeon, I beg to apply for the same.

As for my qualifications, I have passed my final examination from the B. J. Medical School, Poona in 1908. I have also attended the course in Bacteriology at Carel Laboratory and have inoculated about ten thousand people in 1917. I have also attended for some months the Guy's Hospital clinics in London.

I hope therefore my application shall have a favourable consideration and at the same time I should be given an idea about future prospects.

I have herewith attached copies of my certificates.

Hoping to receive a favourable

reply

I beg to remain

1 — 10 - 1919.

Dear Sir.

After requesting to be excused for intruding upon your valuable time, I am taking this liberty of addressing this private letter, instead of a regular application about the post of the Sub Asstt Surgeon of Savnur. I am obliged to do this in order to elucidate certain information, in the absence of which, it would not be proper to submit a regular application.

2. The advertisement in "Kesari" of Poona plainly states that the State wants a retired Sub Asstt Surgeon on Rs 65/- P.M. only. So far as I know one Mr Mahadev Amaram Bawdekar was at Savnur Dispensary. I would be obliged if I am kindly informed, to how and under what circumstances post of the Sub Asstt Surgeon of Savnur came to be vacant and what led to an open advertisement in the newspapers for a post

which was upto this time being automatically filled-up by hands in Govt Service.

3. If the State has done this with a view to have its own independent Service, I would then humbly offer to suggest the following.

4 These are days of advancement and progress in every branch of Science, and if it is much more so, it is in the Medical Science. It is in the fitness of times, that, as the advertisement says "The Dispensary is well equipped and well Staffed". Does it not, then, follow that a really able and up-to-date Doctor should be placed in charge of the Dispensary to make real use of the "Equipment & Staff, so kindly placed at his Disposal by the State in the true interests and to the best advantage of its subjects?

5. In point of economy and expediency a retired old man on Rs 65/- p. m. may appeal on the face of it, but, on the score of utility in the real interests of the Subjects of such a progressive and model State of Mysore, would be a regular "Set-back". A wrinkled hand with trembling nerves is not the hand from which any "Surgery" worth the name could be expected.

Common specimens of "Medical Men" under the common epithet of "Sub Asst Surgeons". It should, therefore, be the look out of the employers to see that they are not buy[illegible] by the common Hall mark of "Sub Asst Surgeon" but to see that their selection is guided and determined by individual ability and merit alone. It is not to be understood by this, that I mean any wanton offence in general to all "Retired" men. It is a plain Comparative St[illegible] of facts.

6. A standard, both efficient and as far as possible high, is to be maintained by putting in proper men in proper places. It would not be true economy to appoint an old retired man and allow many of the latest introduced drugs and appliances unused and allow the fine Surgical instruments of the "Well equipped" dispensary to rust. Bactiriology, Microscope, Serum Therapy, Electro-therapy are things [illegible] unknown to retired men. It would

Therefore

his venerable experience of old, antiquated methods of treatment will be found too old and dogmatic — by the rising and searching expectations of a "Public" which, as education advances, will be more and more intelligent pertinent and exacting. It was to meet this very difficulty, that, Government inst- -duced about 8 years ago — a new 4 years advanced course of instruction instead of the old 3 years, for Sub Asstt Surgeons and from 1917 made L.C.P.S (Bombay) Compulsory, point of general education also, which goes a great way towards the general efficiency of a professional man, a University Qualification, has, I learn, been made Compulsory even for admission to the Class of Sub Asstt Surgeons from next year. So there is a wide difference between the old and the new Class of Sub- -asstt Surgeons. Unfortunately, under no other Service known, have the best and the ablest intellects, been muddled together with the most ordinary and

therefore be not proper to appoint such men
nor, can the best interests of the people
be served by putting in a brand-new
M.B.B.S. who has taken leave of his books
in the college, and, would have to begin
practicing his bookish knowledge by
experimenting on valuable human lives.

7. The right person therefore, would
be one who has put in atleast 10-15 years
service, one who had varied experience,
and above all, one who had the shrewdness
to keep his Eyes and ears open, to all the
latest discoveries and advancements in his
(medical) Science and made some one of
the branches at least his own (special)
subject — and would thus justify to be
called by the term experienced and upto-date
doctor

8. If the State after going over the above
argument, is inclined to entertain a hand,
answering all that is required of an all
round medical man, I most humbly

Suggest myself as a candidate for the post.

My humble qualifications are:-

(1) General Education:- Matriculate Bombay University

(2) Medical Qualification:-

(a) " " Hospital Asstt - now - Asstt Surgeon in 1904.

(b) " " Bactiriology (certified asst Special course) Pasul Laboratory 1912.

(c) " " Ophthalmology (C.J. Ophthalmic Hospital) 1913. Has done over 600 Cataract extractions. own instruments & apparatus.

(d) " " L.C.P.S (Bombay) 1917.

(e) " " Special experience of the administration of "Salvarsan" or "Neo-Salvarsan" (own apparatus) Specific for Syphilis.

(f) " " "Dentistry" 1918 Complete knowledge with Self owned complete instruments & apparatus.

(g) " " Special experience of Plague work & inoculation in —

— Navalgund Taluka —
awarded Certificate of Merit
and "Gold medal" through —
District Sanitary Association
Dharwar. Done over 14000
inoculations in one year
& a half in addition to
routine Dispensary work.

If it comes to submission of a regular
application, it will go through the Civil Surgeon
Bijapur, who will endorse his opinion
before forwarding it to the Surgeon General
for Sanction of transfer of Services to ~
Sawnur State. It may therefore take a
long time before it reaches you. So that
you may know the Civil Surgeon Bijapur's
opinion soon I may post one application
to you direct through the Civil Surgeon &
another to Surgeon General. through
Civil Surgeon Bijapur & Surgeon General.

9. If the State dispensary happens
not to be supplied with Special Eye Instruments
or Dental instruments & apparatus

a ✕ shall be glad to lend my own stock costing over Rs 1600 to the State.

10. The question now before you is, whether to ✕ entertain a Govt hand on Rs 95 + pension contribution to what it might come to — and have an experienced all-round Medical man, who is also an Oculist and Dentist Combined,

11. I have pleaded my case and it is left to you to decide. As for myself, I am quite confident that I shall be able to acquit myself to justify the extra recurring expense of about Rs 30 to 40 p. m. entailed by my appointment, by soon bringing the Sawar Dispensary to the status of a Miniature Miraj Hospital.

12. Conclusion & request.

If after reading this, rather a long private letter, the State is inclined towards the idea of having me, I may kindly be informed of the same, so that I may be able to

to submit my regular applications through proper channels

This letter may, if necessary, be kindly shown to His Highness the Nawab, if H. Highness happens to be there and also to the Head Master of the English School. Both being cultured gentlemen might agree with me in my views expressed.

To,

R. S. Kulkarni Esquire,

Dewan Savanur State,

S A V A N U R.

Sir,

I beg to submit this application of mine for the post of Municipal Secretary, as advertised for in the "Kesari".

2. I beg to state that I am a resident of Kolhapur, Brahmin by caste 44 years of age.

3. As for my qualifications I beg to state that I am a qualified Hospital Assistant of the B.J.Medical School, Poona having passed in the year 1899.

4. Shortly after passing I got a post in the Akalkot State where I served for a short time and while serving there got an appointment in the Radhanpur State which is a first class State in the Palanpur Agency and where I am serving in various capacities and holding responsible posts for the last 20 years. During my 20 years time I have acted as Chief Medical Officer & Health Officer of the State on many occasions and as Medical Officer to Her Highness the late Dowagar Rani Saheb, H.H. the late Nawab Saheb Mohmad Sherkhan, Her Highness the late senior Begum Saheb of Radhanpur and also as Municipal Secretary of the State and as such have acquitted myself to the entire satisfaction of my superiors.

5. About 3 years back I had been offerred a post of Rs. 100 p.m. in the War Hospital at Bombay, but being unable to get myself timely relieved from my present post, and also the post being temporary I did not accept it. I have herewith enclosed copies of letters from the Surgeon General with the Government of Bombay for your kind perusal. About 4 months back I was also offerred the post of Medical Officer of the "Foundling and Orphanage" at Pandharpur, but as private prac-

practice was not allowed, I refused it.

6. Since the last 4 years H.H. the Nawab Saheb has lent my services to his sister H.H. Bibi Mubarakbakhte Saheb of Junagadh. Before coming here I held the post of Assistant Medical Officer, S.J.Hospital Radhanpur.

7. I beg to enclose herewith my certificates & testimonials &c. for your kind perusal: these and the experience of 20 years service at my back will speak for themselves as to my fitness for the post applied for.

8. Before concluding, I beg to assure you, Sir, that if ever you are pleased to select me for the post applied for it shall be my sole aim and object to prove myself worthy of your selection.

I beg to remain,

Sir,

Most obedient servant,

Junagadh,

9th September 1919.

Mr. Laxman (rao, Phansalkar has been employed in the Radhanpur state as Hospital Assistant for the past eighteen months. During the five months I have been acting as Administrator of the state, he has performed his duties to my entire satisfaction. He is intelligent and I consider him a very good Hospital Assistant.
Radhanpur, 10-10-01.

Sd/ A.W. Woodhouse, Captain.
Administrator, Radhanpur State.

---

Radhanpur, North Gujarat.

Mr. L.R.Phansalkar has been in the service of the State as Hospital Assistant during my time here, and lately he has been in charge of the Diamond Jubilee Female Hospital, where the attendance has considerably increased. I have always found him civil and obliging and he takes a very intelligent interest in the practise of his profession. He is popular with the people and has gained their confidence to a remarkable degree. I wish him every success in the future.

April 26th 1906.

Administrator, Radhanpur State

---

Copy of a letter from Lt.Col. G.B.O'Donnell, administrator, Radhanpur State to Col. Sealy, Resident, Kolhapur.

---

Radhanpur, 8th May 1901.

My dear Colonel,

The bearer Mr. Laxmanrao Phansalkar is a Hospital Assistant in the service of the State, but he is anxious to get employment in his own country and has

has asked me for a note of introduction to you. He did good work during the famine and has done so since. So I have complied with his request. We are off to Lahikantha on saturday. Jodehouse acts for me. I am glad to see you have got your extension and hope you are both well. With our kind regards to you both.

I remain.
Yours sincerely,
Sd/ G.B.O'Donnell.

---

( Extract from the Annual Report 1907)

Mr. Laxmanrao Phansalkar, Special Medical Officer, during the famine, also rendered efficient help.

Sd/ G.B.O'Donnell. Major,
Administrator, Radhanpur State.

---

Visited the Hospital this evening and was much pleased with the cleanliness and order in which everything is kept.

Radhanpur, 5-1-09.

Sd/ G.J.Hydecate, Lt.Col.
P.A.Palanpur.

---

Visited the Hospital this morning with Mrs. Hunter and was very pleased with all I saw.

27-11-1902.

Sd/ L.Jacob.
Wife of Capt.Jacob.
Administrator, Radhanpur State.

---

The Hospital which I visited this morning appears to be a great boon to the women in this State and was in excellent order.

Sd/ H.S.Coghill, Captain

To

The Dewan Sawner State

Respected Sir,

Having given & understand by your advertisement in Kesari that a post of a Subassistant Surgeon is vacant at Sawner I most humbly and respectfully beg to apply for the same.

Although I am not a retired Subassistant Surgeon Still my Service in the Medical Department dates from the year 1892 in which year I passed the Hospital Assistants' examination at Poona Medical School.

For the first 8 years I Served in the Baroda State but the chances of promotion to the second grade being not immediate I was obliged to resign that Service & join the Indore State Service in the year 1900 since which

2. 2. I have been meritoriously serving to this date. But since here the dispensaries being situated in small towns like villages are not remunerating I have applied for the post in your state.

The other reason for leaving this state is to buy to give publicity to a spiritual power which has been kindly bestowed upon me by a benevolent Sadhu. This spiritual power is in the form of a mantra which cures all incurable diseases. The people in the deccan being more educated might appreciate the wonderful effect of the mantra.

It is to be noted that I do not stop the medical treatment but take the aid of that power in those diseases which are not amenable to the medical treatment.

My present pay is Rs 55 plus Rs 10 dispensary allowance as the practice is almost nil here

I request therefore you will kindly encourage our spiritual science by employing me in your state

For this act of kindness I shall ever pray for your long life and prosperity

I beg to remain
Respected Sir
Your most obedient servant
Sitaram Shivaram Khare
Sub assistant Surgeon

Rao Bahadur

R.S.KulKarni,

Devan, Savnur, Dharvar Disrict.

Sir,

I read your notice for the Medical Officer's post at your place in Kesari of Septr-last which came here by mail last week.

I solemnly consider that I am quite a fit person for your post in every respect if it is yet vacant & I shall do all duties of that post to your entire satisfaction.

I passed my examination at Poona B. J. Medl.school in 1889, served 15 years in India & 15 in this Colony. I worked at Savant-Vadi & Indore States for over 10 years and at the latter state I was the House Surgeon to Holkar Hospital, and was on temporary duties ( Plague,Fever& Cholera.) in Bombay Presidency during the rest of the period,at several places.

Finally I was recommended by Colonel Roberts I.M.S. the Chief Medical Officer Central India in 1904 for a post with good salary,better prospects and pension in this British colony and I am glad to inform you that I am the first Indian pensioner from 1st instant of this Brit. Colony during the last 25 years of existance of Medical Department.

Every where I performed most popular services and in 1917 I was appinted acting Medical Officer of Kenya Province in this Protectorate the 1st Indian Medical Man to discharge the most responsible duties of The European Medical Officer, with 5 Dirict Dispensaries under that province to control.

Sir Bhalchandra Krishna Kt.J.P. L.M. Bombay,Dr. G.R. Tambe, M.A. B.Sc. L,M.S. State surgeon Indore, now in Nagpur side as Civil Surgeon and Dr. Tengshe Present Durbar Surgeon of Kolhapur know me and my professional abilities very well any one of them will further satisfy you if you at all need a reference about me .

I am going to get a free passage back to Bombay for self,my wife and children from this Govt and if I here from you my appointment at yours, I shall apply for it and come to Bombay

and thence straight to Savnur.

This application will leave Africa by next boat sailing for Bombay Bunder by end of this month and by or about the 15th proxime it should reach you.

It takes a very long time for a letter if not posted in time to reach here from India therefore I humbly request you to oblige me by sending me a telegram as under if you require my services.

I have the honour to be

Sir,

Your Most Obedient Servant.

21 October
1919.

R. S. Kulkarni Esq.

Dear Sir,

I am sending you my application in which I could not say many things so I am stating them here.

My age is 52 and I got invalided before medical board for old age & my health not agreeable to african climate etcetc here after to serve the Govt.

My wife - I have trained her in midwifery, compounding and general aid to medical & surgical practitioner. Now she is a competant midwife, a sound compounder and so on.

Indian merchants & my many friends are pressing me to stay here for a few more years and practice.

I am going to get Rs 62.8.0 my monthly pension that is Rs 50/= a year.

I am not attracted by your salary Rs 65/= a month, but I have done so for it is an independent post under you in a Country we had never seen before and there being

a good field for private practice for myself & for my wife. And if we return to India there is a post ready for me & I can carry on with our useful work as soon as we land.

We ourselves (self & my wife) are not willing to stay in this foreign country. My wife though a trained lady at Hingne, Poona Mahila Vidyalaya, well versed in English and every thing, much prefers to be an Indian or Aryan orthodox. She is pressing me to go back home, this made me lay my application before you no sooner I saw your notice in Kesari.

Hon. Mr. V.V. Phadke Bar. at Law the leading pleader & member of H.E. Governor's Council here is going to India in December next with his family. They are our very sincere friends and we might come home in their company. here & I have not settled any thing yet - but I will do so if I hear from you your sanction to my appointment, other wise I will rather stay here for some time more.

I did not enclose copies of many of my good certificates as I thought it was unnecessary. I already made a mention of my 30 years service at different places

and given you some Names of big men in the Medical line or Department for your reference if you at all require any more information about me.

Perhaps my application would reach you too late. You could have given a couple months notice to receive applications to select the suitable man for your post. Indian Sub Assistant Surgeons in these days are doing duties all over the Empire and some of them are retiring too year after year.

You will very kindly send me a telegram if you yet have not found out any body for your post after my request in my application this wire will reach here on 17/11/19 as you will receive my application on or before 15/11/19 and it will give me enough time to leave here by the November steamer. There is one ship at end of every month for Bombay and one from Bombay here.

I am a [illegible] and I have two Children and here I finish my lengthy story.

With our regards & best wishes.

Yours faithfully

S. V. Pandharinath

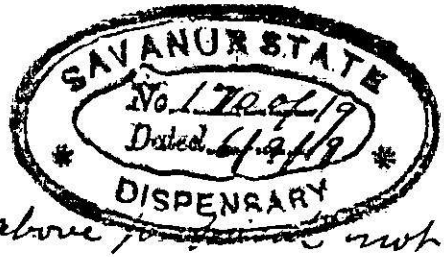
2 The S.A.S should state why he made the above proposals independently to the Civil Surgeon without knowing beforehand whether they are feasible or not. He should also state why he did not consult with the State authorities before he definitely made said proposals. It would have been better had he submitted them through the D/S. Is there any reason for him to send them direct?

S.No. 142
Ft. 24/8/19

D Grant
Chairman



Returned with Compliments.

The undersigned made the above proposal not independently regarding 2 wardboys, 2 Pattewallas, & sweeper but he agreed only to the proposal already made by the Civil Surgeon, Dharwar & the same has been communicated to the Divan for his information so that he may let the undersigned know whether he agrees to it or not. As regards 1 Sub Assistant Surgeon, & two Nurses he has already informed the State authority before we independently made the said proposal.

The Civil Surgeon is informed now that no special arrangements are required by the State for organized relief against influenza as ordered by the Surgeon.

Memo

The malarial season having just Commenced it is found advisable to afford medical aid to the inhabitants of the State Villages. Who usually suffer from malaria during the season. Therefore Illeb. Capt. Navabchib D.J.B. has been pleased to instruct the Comp. to depute the Senior Compounder Mr G R Joshi to tour in the State villages for 3 weeks every month until further orders. The S.I.S. is hereby requested to depute the Senior Compounder with the necessary medicines to tour for 3 weeks in every month. He should spend one week at a time in each of the 3 groups. viz - 1 Chandapur group. Consisting of - Manur, Nandihalli, Neerkatti, Mulkeri, Tavarhotahalli & Hulikatti & Chandapur. 2nd Shidapur group. viz - & etc

He should maintain a register of patients & prescription Cases treated in the Dispensary. He is

Illeb. Capt: Navabchib D.J.B.

held responsible for Medicines given in his charge. The S. H. S. Shd inspect the accounts for this Clinic & report to the H.S. if he finds any deficiency in the Stores on the part of the Compounder.

The Compounder Shd Correspond directly with the Village Officers regarding distribution thereof.

Sanitary Department.

No. 2661 of 1919.

From

Dr. R. D. Dalal,

Deputy Sanitary Commissioner, S. R. D.,

To

The State Karbhari,

Sawanur State.

URGENT.

Belgaum, 3rd October 1919.

Sir,

I have the honour to request the favour of your supplying at a very early date information regarding Leprosy in each village and town in your State as per following Statement:.

Leprosy Statement.

Name of Village or Town -
do Taluka. -
do State -

| Serial No. | Full name. | Age. | Sex. | Caste. | Remarks. |
|---|---|---|---|---|---|
| | | | | | |

While asking the information from the Village Officers you may add for their guidance that the salient features of the Disease Leprosy are that it is a very chronic disease and is characterized by pigmentary changes in the skin, new growths in the skin, eyes nose, mouth or throat giving rise to thickenings & nodosities or to numbness or increased sensitiveness of skin, or to ulcerations and contractions and mutilation of the extremi extremities i. e. hands and feet, and ask them to make a house to house visitation for Lepers and to submit the Statement called for.

The information is urgently required by the Sanitary Commissioner for the Government of Bombay and hence the request.

I have the honour to be,

Sir,

Your most obedient servant,

Deputy Sanitary Commissioner,
for S. R. D.

878/18.

Is sent in order to get it before the requisition for within 2 days.

To,

The Dewan Savanur State
Savanur.

Sir,

I was to appear before the Srirangapadesh Court miraj on the 20th of Jan. 1920. My six days leave was sanctioned to enable me to go attend the Court.

As there are some serious cases of Plague influenza under my treatment & the patients & the public in general would be put to great inconvenience in case I go away at this time, I request you to kindly do me favour of sending a telegram to miraj - Srirangadhesh Court, requesting the Court to postpone my case to some date after about a month or so. you will therefore despatch the telegram today oblige.

# INSPECTION REPORT

C. M. 15 e.

on the* State Dispensary at Savanur.

in charge of Sub Assistant Surgeon J. G. Kurlekar.

| Questions. | Answers. |
|---|---|
| I. (a) Date of inspection ... | 22nd February 1920. |
| (b) Date of previous inspection. | 14th October 1919. |
| II. (a) Is the Dispensary public property or temporarily rented? | State property. |
| (b) Has it been specially built for out-door relief, or has it accommodation for in-door patients? If the latter, state the nature and express your opinion as to the sufficiency of the ward accommodation. | Has accommodation for 4 inpatients which is sufficient. |
| (c) Is the mortuary conveniently situated? Is it properly built, and is it well lit, furnished and arranged? | Yes. |
| (d) Are women and children separated from males in the outpatients' department? Are there separate dressing rooms for them and separate windows from which to receive medicines? | Women come to back verandah and men to front verandah.<br>No separate dressing rooms. |
| (e) Do the annual repairs appear to be properly done? When were they last completed, and what sum was expended? | Annual repairs properly carried out, at a cost of about Rs.100. |
| (f) Have you any recommendations to make for improving the Dispensary building or its present arrangements? | No. |

* State name, and whether Government, Endowed, Municipal or Local Fund, as the case may be.

| Questions. | Answers. |
|---|---|
| (g) What recommendations as regards repairs, alterations, and fittings have been made recently? Have these recommendations been specially brought to the notice of the responsible authorities? What action, if any, has been taken by such authorities, and, where no action has been taken, what reasons have been given for non-compliance? | None. |
| III (a) Are the surgical instruments sufficient or otherwise? Are they in a good state of repair and clean? Name any that are not so. Are the surgical dressings carefully stored so as to protect them from dust & other impurities? | Instruments sufficient and in good order.<br>Surgical dressings carefully stored. |
| (b) Are the medicines sufficient? If not, why not? | Yes. |
| (c) Are there any old and useless medicines or instruments in stock? | No. |
| (d) Are the Surgeon-General's orders as regards the storage of poisons strictly adhered to? | Yes. |
| (e) Are the stores in good order and neatly arranged? | Yes. |
| (f) Have you any remarks to make on the condition or sufficiency of the bedding and furniture of the Dispensary? | No. |
| IV. (a) Have the medical, *post mortem* and other records been correctly and neatly kept and written up to date? | Yes. |

| Questions. | Answers. |
|---|---|
| (b) As regards the *post mortem* records :-Do the examinations appear to have been properly and systematically conducted and do the opinions given appear to be well founded and properly expressed ? | Yes. |
| (c) Have all obsolete books and records been disposed of ? | Yes. |
| What has been the income of the Dispensary during the previous 12 months (1) from Hospital Fees, and (2) from the sale of drugs and condemned articles of equipment ? Have you any remarks to make under this head ? | Rs. as. p.<br>(1) 102 - 6 - 3.<br>(2) 18- o - o. |
| Where in-patient accommodation exists, are the diets suitable and economically provided ? | I found that inpatients provide their own diets- also that nothing has been expended on diets for pauper patients for many years. There is no cook. |
| (a) Do you think the Dispensary establishment efficient and sufficient? What changes, if any, have recently been sanctioned ? | The 2nd Compounder's pay has just been raisedto Rs. 10 P.M. He gets no war allowance or grain compensation. |
| Is the Dispensary provided with reasonably good textbooks on the main branches of the medical profession? | Yes. |
| State your opinion of the professional efficiency and general good conduct of the Dispensary Medical Officer. | Good.<br>Thoroughly acquainted with plague inoculation technique. |
| (a) How often did the Dispensary Committee visit during the preceding 12 nths? | 4 times. |

DIS 2

| Questions. | Answers. |
|---|---|
| (*b*) Is the Dispensary Medical Officer often called upon to give assistance to parturient women? Do women apply for relief in diseases peculiar to themselves? Have they opportunities of obtaining female medical advice in the town or its neighbourhood? | Yes. Three times in past three months.<br><br>Yes.<br><br>No. The State is trying to engage a trained midwife. |
| (*c*) What epidemics have visited the town or district lately? Mention their cause, if known. Is there any endemic disease? | Malaria is endemic. Plague has recently been epidemic. Many inoculations against plague were done and only 2 inoculated persons died of plagu<br>Mild Influenza recently. |
| (*d*) What are the prevailing diseases of the locality? Mention the chief causes of the annual death rate. | Malarial fever.<br><br>Guinea worm. |
| (*e*) What is the result of your enquiry as to the water-supply? Are the wells so situated as to allow of soakage from surrounding dwellings, &c.? | There are several good wells also tanks.<br>Guinea worm develops from the latter. |
| (*f*) State your opinion of the method of conservancy and disposal of refuse of the immediate srroundings of the Dispensary. | Refuse & night soil is removed and buried outsid<br>the town.<br>Immediate surroundings of the Dispensary are cle |

2 The Nala referred to by the Medical Officer in para 3 of his letter is the Canal along the Basavan Khada Tank. Rs 500/- have been provided for in the municipal Budget this year towards removing silt therefrom so as to allow the water to rise.

3) Rain water does not stop at the place referred to in para IV of his letter above. However, directions have been stopped to be stored there.

SAVANUR STATE
No 26 of 20
Dated 15/4/20
DISPENSARY

No.

To
The Hon'ble Capt Nawab Sahib
D.K.
Savanur.

Sir,

I went round the town yesterday. The General sanitary condition, seems to be satisfactory. Influenza. malaria. diarrhea, Dysentry & all other Diseases seem to be getting less, on account of the fine weather.

While taking the round, I happened to see some cattle tied near the Bhatarekri Bavadi. I was told that these cattle belonged to a butcher. They were about 18 in number & were meant for Hubli Bazar. In the lot there were two milch cows & two good bullocks which were fit for agricultural purposes.

I remain most humbly & respectfully Your Highness &c.

that milch Cattle & also Cattle used for agricultural purposes are not at least taken out of the State jurisdiction.

There is a great scarcity in the supply of milk for infants & invalids & if an step is taken in the direction it will be a great boon taken to public.

I beg to remain
Sir.
Your most obdt servt.

To,

Meherban Capt Ramchandra
Sirkar Jang Bahadur.
Savanur

Respected Sir,

As regards the supply of medicines for the villages I would humbly suggest the following:-

The villages of the Taluk have been divided into 3 groups by the Dewan Sahib. I think three small cup-boards for medicine chests may be made, one for each group & kept at a principal village of that group. This individual cup-board should contain all the necessary requisites powders & dressings required

(II) A small hand medicine Chest may be given to the Compounder on travelling duty. In this he may carry the drugs & things required for his visit for a particular village or patients.

The cupboards would be kept in an Almirah in safe custody of the Village Officers.

Registers of Cases treated &c may be kept in these cupboards, one for each Group, seperately.

I beg to remain
Sir,
Your most obedient Servant.

To,

Meherban capt. Nawabsaheb Shrijang Bahadur Savanur State.

Sir, I respectfully beg to state that I have been serving at the Savanur State dispensary as an assistant Compounder and dresser since 23rd January 1918 as per Huzur's order no 47 dt 21-1-18 and doing my work to the medical officer's entire satisfaction. The medical officer has mentioned in his no. 175 dt 2-1-18 that after a year's trial I may be given an annual increment of Rs 1 upto Rs 12 in case I do my work satisfactorily, which has already been approved by the Huzur in his no. 47 dt 21-1-18. Now I beg to request that the Huzur may kindly allow me to draw an increment of Rs 1 (i.e Rs 10) from 23rd January 1920 for

---

which I shall be ever grateful to you.

I beg to remain Sir
your most obedient Servant

The Sub-Assistant Surgeon,
I/C, Stae Dispensary,
Savanur P.O.
Dharwar Dt.

Dear Sir,

With reference to your letter of 8th inst., the ordinary subscription is Rs.14/- per annum for Assistant surgeons and Sub-Assistant Surgeons whose monthly income including allowances, is under Rs.300/- we make a special concession and supply it at Rs.8/-. If you are entitled to the concession please remit the amount or advise us to send the first number by V.P.P. charging the amount.

Yours faithfully,
Thacker Spink & Co.

Roy/-.

The Dewan
Savanur State
Savanur

Sir,

You were kind enough to Consent to my request for having a medical magazine for the dispensary, in order that we may get information up-to-date .... I am sending herewith a letter from the Company, who are willing to give us the magazine at a reduced rate.

In the budget there are 100 Rs. for the purchase of "Books & Forms" & there is ample balance left to defray the cost of this magazine "Indian medical Gazette".

I therefore request the favour of sanction & an order to pay Rs 8/- in Cash to enable me to send the same by money order as desired by the Company.

13.11.20

Savanur.

Sir,

I had been on my rounds in the town this morning with the S.I.

(1) The ditch just behind the Lashkar Bazar road near the house of Motiram Kalal ought to be filled up as early as possible. muddy dirty water is standing to the depth of about 4 to 5 feet. This would be a good nidus for mosquitoes.

(2) The masonary, in front of the High School, of the road side gutter has come down in two three places. Repairs to it may be undertaken early in order to prevent further damage.

(3) The Roads ~~are~~ were not swept properly. Cowdung & filth was seen at many

places, which was got removed & cleared.

There is no epidemic disease of any kind. Please ask Burkepur & the surrounding villages is not showing any signs of an increase.

I beg to remain

Sir,

I had been on my round in the town yesterday.

Action, for removal of encroachments which are very much in sight & are passers-by & also injurious to the sanitation of surrounding houses, is being taken by the municipality. & some of them

them have been removed with great advantage.

There is no epidemic disease of any kind.

Inoculation work had to be stopped for the last few days as no serum was in stock. The parcel has been received & the work will be again undertaken in consultation with Dr Swan.

Thanking you
Yours most truly

11-8-20

Hon. Gwid Rao Senior Compounder.

Please say why quarterly was not prepared in time.

12.8.20. — M.O.

Respectfully submitted.

I had no time to prepare the quarterly return in due time because the asstt. Compounder & also the paid candidate had gone on leave besides I was compelled to attend the patients of the new mahal in the absence of the medical officer who had gone on leave. I had also to go to new mahal even twice or thrice a day on some urgent occassions. So when Patel returned & when the work of the new mahal became less I prepared the Quarterly Returns.

Sir,

I had been on my municipal Inspection duty this day with an Sanitary Inspector & the workmans. General Cleanliness is found & there is no epidemic disease any kind.

I saw the places, where the rats caught are killed & burried. The whole thing is done satisfactorily done, near the tank on the other side of the Idaga. The place selected is, at a reasonable distance from the town & the dead rats are not in any way affect the Sanitation.

While returning from the place I saw the Idaga (Nimar Katte). May

Respectfully submitted to the Hujur for favour of approval. Filed

Diwan Savanur.

Quarterly meeting held on the 10th November 1920: —

Members present are: —

1 Mch. Capt. Nawabsaheb Sidi Jung Bahadur
2 Hon. Rameao Diwan Savanur
3 " K. V. Hulsogi Head master High School } 00 —
4 " Bhimacharya Pleader
5th " Abdul Manwar Khan Rinadar Nawab

All the registers were examined irregularities found therein have been noted and the attention of the Sub Asst. Surgeon has been drawn to them.

There are 4 in patients. Three of them are from neighbouring British Talukas. The 4th patient belongs to this place. They are properly looked after by the Sub Asst. Surgeon.

The average attendance of patients is 32 which has improved rather than the last year. The dispensary is kept quite clean together with its premises.

Infection ward and parapete wall require repairs badly. this year if provision made for current repairs would allow.

## Duties of dispensary Committees and their relations with Govt. and Govt. officers.

The affairs of every dispensary for which Govt. give a grant-in-aid shall be supervised by a dispensary Committee appointed by the taluka local board or municipality to whose management such dispensary is subject or in the case of any dispensary not subject to the management of a taluka local board or of a municipality by the commissioner concerned or in Aden by the Political Resident.

(1) The dispensary committee shall maintain supervision over the conduct of the dispensary, reporting any neglect of duty, inefficiency or misconduct on the part of the medical officer to the collector through the civil Surgeon

(2) They shall keep an account of the receipts and disbursements of the dispensary in such form as may from time to time be prescribed for all Government-aided dispensaries by the Surgeon General

(3) They shall inspect every month the Registers of the daily expenditure of wines and spirits and of receipts on account of Hospital fees. They shall inspect & check after the 1st April each year the Register of dead-stock, & send in a certificate that they have done so. The inspection of medicines & surgical instruments & of professional and medico-legal records or documents forms no part of the duties of the Dispensary committee. They shall be open to inspection by the Surgeon General, the Sanitary or Deputy Sanitary commissioner & the civil Surgeon

(4) They shall hold a meeting at the dispensary at least once a month and shall record the result of their inspection in a book to be kept for the purpose.

(5) A copy of the proceedings of each meeting shall

shall be sent to the Civil Surgeon for information.

(6) The Civil Surgeon shall report to the Collector for action any matter which demands attention.

(7) The committee shall depute two of their number to visit & inspect the dispensary at least once in each month.

24. (1) The appointment promotion or increase in pay, suspension & dismissal of, and grant of leave to all dispensary servants except members of the Medical Depart who are under the control of their departmental superiors, shall rest with the committee, but no increase or decrease of the establishment will be permitted without the previous sanction of the Surgeon General.

(2) The appointment of a compounder proposed by a dispensary committee shall be subject to the approval of the Civil Surgeon. After appointment the compounder shall be under the control of the committee in the same way as the other dispensary servants referred to in 24 (1).

(25) Casual leave to assist Surgeons and Sub assist. Surgeons incharge of dispensaries will be granted by civil Surgeons of their districts in the Presidency proper, & by the Principal Medical Officer in Sind and by the Civil administrative Medical officer in Aden. In cases of extreme emergency, it may be granted by the President of the Dispensary committee, intimation being sent at once to the Civil Surgeon, or in Sind or Aden to the Principal Medical Officer, Sind or the Civil Administrative Medical officer, Aden, respectively.

26 (1) No expenditure shall be incurred which has not been previously estimated for and sanctioned by the civil Surgeon in a monthly estimate, which shall be prepared under the orders of the Dispensary committee. But a Dispensary committee may, without the previous sanction of the Civil Surgeon,

purchase with the funds at its disposal warm clothing, additional medicines and extra furniture in cases of emergency or in unforeseen circumstances rendering desirable the immediate obtaining of such articles. Any expenditure so incurred must, however, be reported without delay to the civil Surgeon.

(26) All pay & travelling allowance bills of Govt. servants and estimate & contingent bills shall in the Presidency proper be forwarded to the civil Surgeon for countersignature before being paid and in Sind or Aden to the Principal Medical Officer, Sind, or the civil Administrative Medical officer, Aden, respectively.

(27) Provided the expenditure has been regularly estimated for and approved by the civil Surgeon, the details of repair estimates may be dealt with by the dispensary committee. Plans and estimates for additional buildings or for alterations to existing ones which do not involve medical deviations from the standard plans can be sanctioned by the Collector on the advice of the civil Surgeon, others must be submitted to the Surgeon general who will deal with them himself, if the estimated cost does not exceed Rs 5000. The approval of Government is required to all works costing over that amount.

(28) Every dispensary committee in the Presidency proper shall render to the Collector, through the civil Surgeon, annual accounts as soon as possible after the 31st March prepared & signed by the medical officer on and according to a printed form to be obtained direct from the Superintendent, Yeravada Prison Press, Poona.

Poona on an indent accompanied by a remittance. The civil Surgeon shall be responsible for a careful scrutiny of the accounts & when submitting them to the Collector shall take what action may be necessary as to any discrepancies that may be found, & if they are of a very important nature bring them, through the Collector, to the notice of the Surgeon General, who will refer such cases as may be necessary to Govt. In Aden the accounts should be submitted to the Civil Administrative medical officer at the station.

(29) Whenever the surplus balance with any Dispensary Committee appointed by some officer of Govt. empowered in this behalf exceeds Rs. 500/- and there is no immediate prospect of its being required for current expenses, it should not be allowed to lie idle but should at once be invested in Govt. paper. It will be at the option of municipalities and Dist. Local Boards to so invest their surplus dispensary balances or to merge them in the general balance.

(30) It is desirable that every Dispensary committee should endeavour to lessen the cost of their dispensary to Govt. & to the local or municipal fund by obtaining donations subscriptions or gifts towards a Dispensary Endowment fund. The object of such a fund is to accumulate a capital sum the interest of which only shall be used for the expenditure of the dispensary, and which, as it increases will gradually render the dispensary independent of Govt. and all other aid.

## Correspondence how to be conducted

(31) On medical matters the medical officer in charge of a dispensary should address his communications to the Civil Surgeon in the Presidency proper, and in Sind and Aden to the Principal medical officer, Sind, and the Civil Administrative medical officer, Aden respectively. On all other matters the Chairman of the Dispensary committee or the President of the municipality or Local Board concerned according as the dispensary is private or managed and maintained by a municipality or local board, should write to the Collector.

## Inspection of Dispensaries

(32) Every Government-aided dispensary shall be open at any time to inspection by the Revenue commissioner, the Sanitary Commissioner, Deputy Sanitary commissioners, Dist. Revenue officers and the Civil Surgeon of the district. It is incumbent on Civil Surgeons to visit every dispensary in their district once a year. The Sanitary Commissioner & Deputy Sanitary Commissioners are expected to inspect dispensaries while they are on their tours.

33 (1) Inspecting medical officers shall report to the Surgeon General fully on the conduct & qualifications of the Assist. Surgeon or the Sub Assist. Surgeon in charge and on the successful working or otherwise of the dispensary, adding such suggestions as they may think it advisable to offer. The reports of the Civil Surgeons & of the Deputy Sanitary Commissioners in the Presidency proper shall be submitted direct to the Surgeon General, a copy being sent to the Collector; those of the Civil Surgeons & of the Deputy Sanitary commissioner in Sind or of the Civil Surgeon, Aden, shall be submitted to the Surgeon General through the Principal Medical officer, Sind, or the Civil ~~Surgeon~~ Administrative medical officer Aden, as the case may be, a copy being sent to the Collector or the Political Resident, Aden, as the case may be.

(2) Any remarks which other inspecting officers may wish to make should be transmitted to the Surgeon general through the collector and the commissioner concerned, or at the political resident, Aden, as the case may be. A copy of such remarks should be sent to the Civil Surgeon for information.

True copy { medical officer

No 696 of 20

Memo:-

The Medical officer, Savanur is requested to submit his proposals for the formation of the Dispensary Committee again as some of the members are either dead or unwilling to be members.

The Committee is not held since a long time. So it is necessary in the interest of the institution to hold meetings either to inquire into the complaints or to make any improvements.

It seems that a correspondence on the matters was going on. But it is not forthcoming. The Medical officer should please trace the Correspondence from his office records as the same is not traced here.

No. 42 of 1921

Relinquishment to Mr Devasahayam

I was permitted by Surgeon to engage a Kataka bogy & return ~~to Madras~~, in order to enable me to return to Hospital duties early. I therefore engaged the Kataka: otherwise I would have gone in a Cart.

Before my appointment there was dispensary allowance of Rs 10/P.M. for Mr Das. This has been stopped now.

I therefore think that for miscellaneous work I may be allowed actual expenses. You will be kind enough to forward this to Surgeon for consideration. I will then take the orders as time & do the bill accordingly.

Memo of irregularities found in the inspection of the Savanur State Dispensary.

---

. Composition fees at Re. 1 from the following State servant for 1920 - 1921 is not still recovered.

1) Faijodin Sanitary Inspector.

2) Venkoji Nimbalkar.

3) Huddar S. H.

The following persons are still to be added to the list.

1) Guddappa Kulkarni.

2) N. N. Mangalwedhekar.

Stock Register for Medicines.

This register is not carefully prepared as will be seen from the following items.

A) Emplasturum Resinal--Previous balance is 1 yard & 6 yards have been received as per indent while 3 yards only have been added to the balance.

B) Oleum Conjuputi bottle, containing 4 ounces, is not still -- opened while 2 ounces are entered, as issued, in the accounts although this is not actually the case.

C) Sodii Benzoas newly received is not entered in register.

D) Old balance is to be shown in the Register in the col. of -- balance instead of showing the same in the col. of Receipts.

E) Tincture Benzoine not added to the balance in the Register.

F) Do. Gentinal Co - 4 lbs. are received as per indent but 6 lbs. are entered in the Register.

Separate stock of medicine is not kept near the compounding table for the purpose of paying patients. Medicines are given from the common stock. So in future such stock may be separately kept.

Register of Surgical Instruments.

No. 8. Don--che Eye Moor Feeld Pattern is not brought forward from the

the list of 1919 - 1920 to the current year's list. This may be done now.

Account File.

In the monthly abstracts of pay the signature of payees -- whose salary is above Rs. 20 is not required only endorsement as stamped receipt is enclosed, will do.

Some Office copies of the contigent bills are not signed by the Head of the Office & corrections marked in red ink are also not initialled. These should be attened to.

All receipts that are taken from shopkeepers &c. for the amount paid to them by the Medical Officer should be endorsed as " Paid " & countersighed by him in future.

Payees' receipts are neither taken in contingent bill Nos. 15 & 17 of 1920 nor he has certified on the bills as paid by him This also should be done in future.

Register of Patients.

In this the details for the sub-cols. of " Discharged " are not entered throughout. The Medical Officer says that a circular order has been received in this connection. If so, its extract may be forwarded.

---

All other accounts are written up to date.

Savanur 17th May 1921

Returned with Compliments.

Hospital fees from all state officials for the year 1920/21 received and duly credited into the State treasury.

There is a long standing system to show only the results of in-door patients treated in each & every dispensary in the Bombay presidency as per accompanying circular no. 7197 dated Bombay. 17th December 1886 from the Surgeon-General with the Govt of Bombay. Hence the results in the register of out door-patients are not shown.
